

ad astra '79

FOREWORD

Congratulations to the 1979 graduates of S.C.I. and T.S. Your past dedication and hard work have brought you this far.

Enjoy your present feeling of accomplishment and sense of a job well done.

Remember that life is an ongoing process of preparation for new challenges. So prepare yourself for the upcoming challenges of your chosen vocation or of post secondary education. The race is only partly run and won.

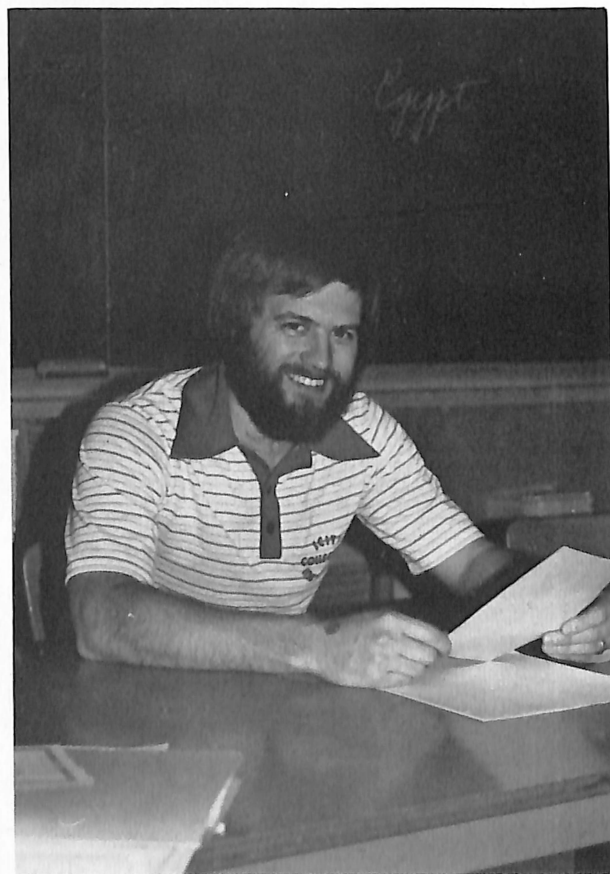

D.A. Mc Cahill

curriculum

From the left: Mr. G. Hall, Mrs. B. Murray, Mr. D. Smith (Head), and Mr. J. Scott. BELOW: Mr. Smith chats with Linda Kumpf.

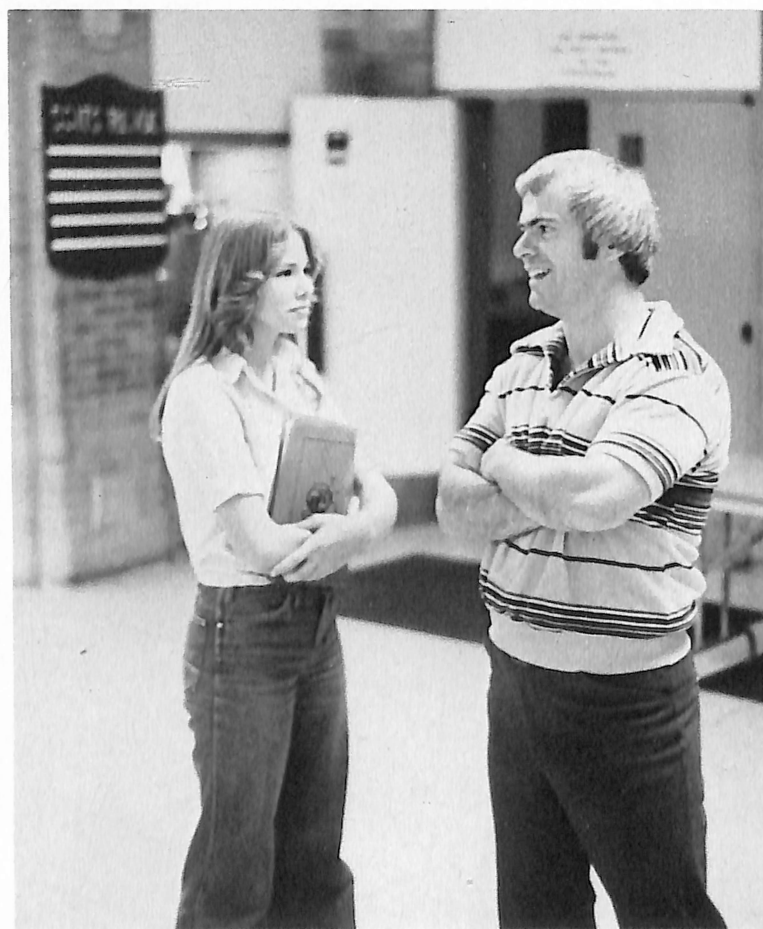

STUDENT SERVICES

The Student Services Department offers a multitude of learning tools including S.G.I.S., a computerized career information service for all grades and for senior students, a Vocational Interest test called the Jackson Vocational Interest Survey.

The counsellors play a large part in the students course selection and also offer confidential, personal counselling.

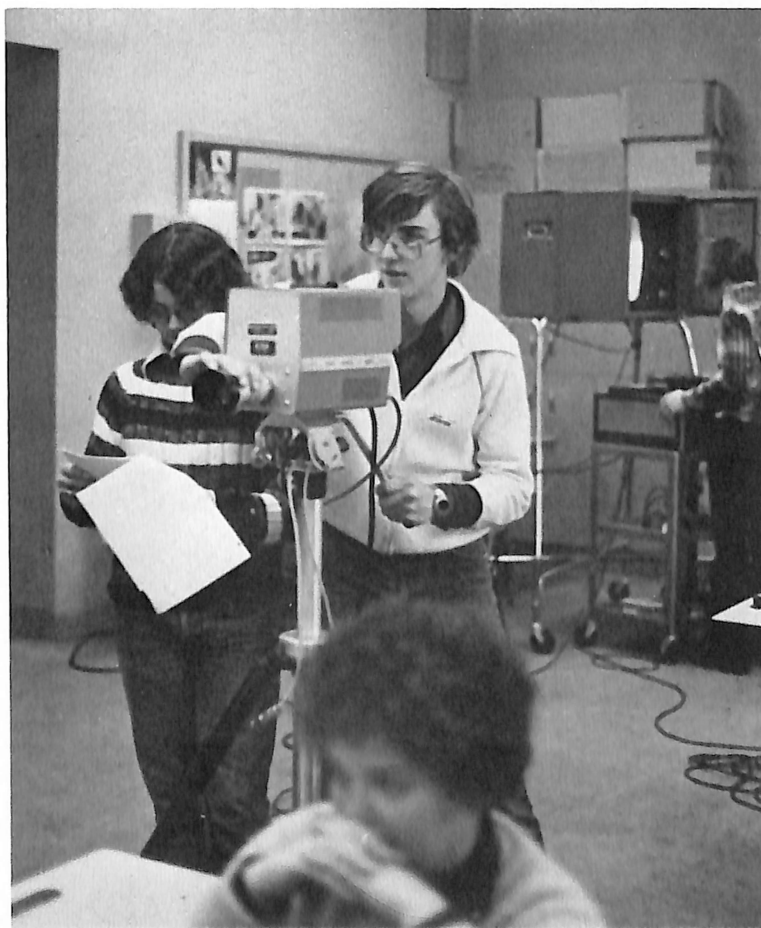

Information and level-headed thinking aid harried Senior Students in the selection of university and community college post-secondary studies. Books, pamphlets, applications and other materials from these places of higher learning are readily available for the interested student.

Our Guidance Counsellors have helped many students through school by the services they offer and urge more people to take advantage of this opportunity.

ABOVE: left to right: Mr. P. Arthurs (Head), Mr. W. Boardman, Mr. J. Capes, Mrs. B. Murray, Miss L. Gibb, Mr. G. Hall, Miss J. Mitchell, Mr. K. Archer, Miss M. Coffey, and Mrs. G. Boardman. BELOW: Taping session in English class; Tim Shanks checks a script, Shane Molson on camera, and Mark Kennedy operates the VTR.

ENGLISH DEPARTMENT

The English Department is a very active and involved one. Aside from daily teaching assignments, all members are involved in other activities such as coaching various sports, producing and aiding in drama presentations, and the SCITS Revue. Members are also responsible for the Southerner and the Ad Astra, the school's main yearly publications, as well as helping students prepare for public speaking contests, writing competitions and the school's Reach for the Top team. At least one member serves as advisor for two clubs. The introduction of new Ministry of Education Guidelines in English along with preparation for next year's longer periods and two-day cycle, have added more work to these busy teachers' day but there is an air of excitement about the 1979-80 school year and the new House System.

ABOVE: Mrs. B. Gough (filling in for Mrs. Snelgrove who is on leave), Mr. W. Mendrytski, and Mrs. K. Kurvink (head). BELOW: Mrs. Kurvink examines the work of Monica Wunder during Open House.

ART DEPARTMENT

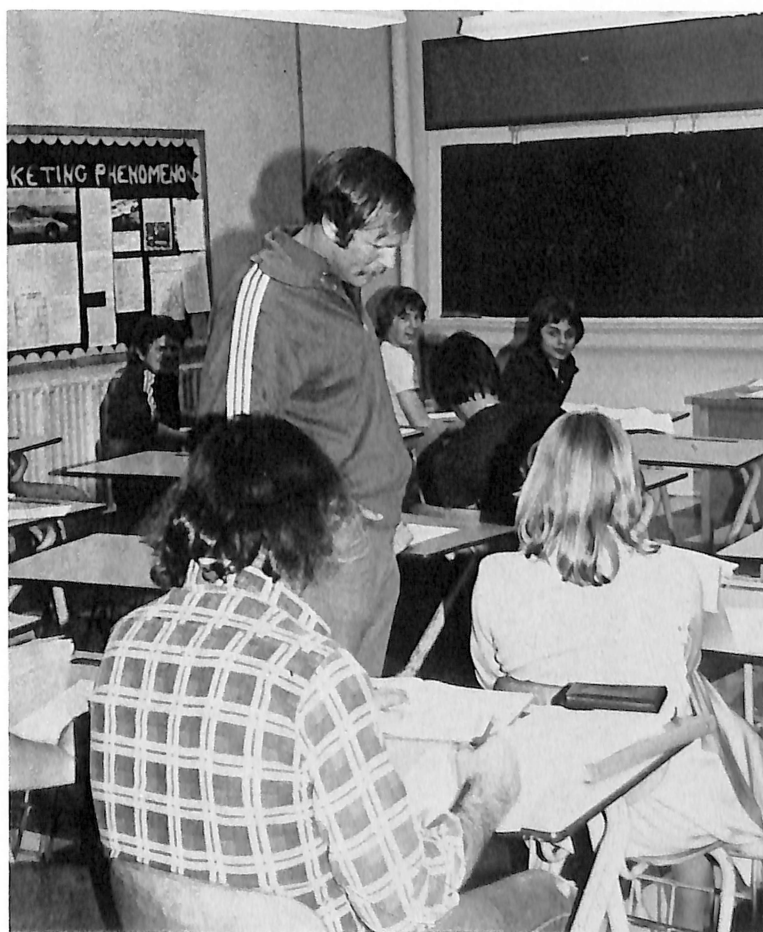

"Art is . . ." This familiar expression is seen by those who walk the hall to room 300. Art is whatever you want it to be. Whatever, you touch, see, hear, smell, and even taste; it's what you make it, it's a happening! Working under these ideas, S.C.I. & T.S. has enjoyed the distinction of producing many fine art students and renowned pieces of art. This work adorns the Education Centre on Wellington Street, the halls of S.C.I. & T.S., the Public Library and various art shows.

Art students are very active and in great demand around the school at such times as Christmas, Open House, football parades and to aid in Set design for S.C.I.T.S. Revue and Drama Club presentations.

ABOVE: Mr. G. Sprenger, Mr. J. Downie, Mrs. J. Levesque, Mr. B. Farrar, Mr. T. Kendall, and Mr. W. Scott (Head); SEATED: Mr. J. Hazzard, Mr. P. Robinson, and Mr. M. Mitchell. BELOW: Mr. M. Jackson, another member of the department with a math class.

MATHEMATICS DEPARTMENT

The SCI&TS Mathematics Department is headed by Mr. W. Scott and assistant head Mr. J. Downie. The other full-time members of the department are Messrs. Farrar, Hazzard, Kendall, Robinson, and Sprenger. Offering part-time instruction in the department are Mr. Jackson, Mrs. Levesque, and Mr. Mitchell.

The math department at SCI&TS continually strives to improve the instruction level and the academic performance of the students. Change in curriculum is a top priority item in education today and the SCI&TS math department attempts to stay abreast of these changes, and implement them to the benefit of the students. With all this to go for it, it's no wonder the Math Department is very popular with SCI&TS students.

ABOVE: Mr. E. Thompson, Mr. F. Ellis, Mr. T. Gulliford, Mr. F. Ditta (Head), Mr. B. Wilker, Mr. G. Zigmond, Mr. F. Schierenberg, and Mr. D. Brazier.

TECHNICAL DEPARTMENT

The Technical Department personnel have the responsibility of offering generalized and specialized instruction in areas that complement the academic subjects to link theory with practice. The courses are designed to encourage logical, sequential thinking, to develop an appreciation of good design, workmanship and the understanding of the principles involved, and to give training in the basic technological skills that will enable the student to form valid and viable judgements pertinent to the needs of today's world and tomorrow's. The instruction ranges from the exploratory to the specific, providing opportunities for students to determine their special aptitudes, capacities, capabilities and interests. To further advance understanding of the modern industrial environment, plant tours and field trips are an integral part of the programme as well as involvement in voluntary projects that enhance the community.

ABOVE: Mr. C. MacDonald, Mr. W. Choptovy, Mrs. T. Slipacoff, Mr. J. Kinchsular, and Mr. J. Irvine (Head). BELOW: Two lovely ladies at work in the Commercial Office.

BUSINESS EDUCATION

The Philosophy of the Business Education Department is that there is a great need on the part of all people for an awareness of the many-faceted world of modern business. Every person, regardless of his final goal, is involved in business matters, and the more aware he is, the fewer problems he will encounter. The objectives of the department are to provide a wide and comprehensive exposure to business to as many students as possible and to encourage these students to strive for a vocational standard in the offered skills.

There is a movement about in the Province of Ontario to re-emphasize Vocational Education and one of the prime functions of this Department is to provide this in the fields of Accounting, Shorthand, Typewriting and Business Machines. Future businessmen and women take heed!

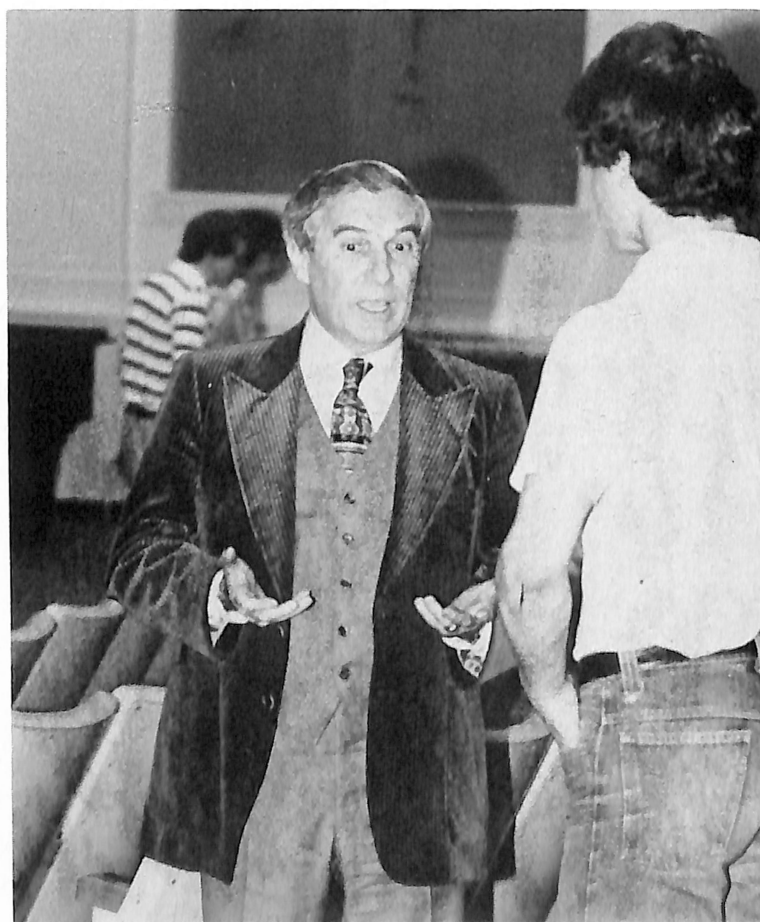

ABOVE: Mr. B. Davidson, Mr. M. Phillips (Head), Mr. G. Alexander, and Mr. M. Burrowes. BELOW: Finance Minister Bud Cullen chats with a student during a History Department sponsored visit.

HISTORY DEPARTMENT

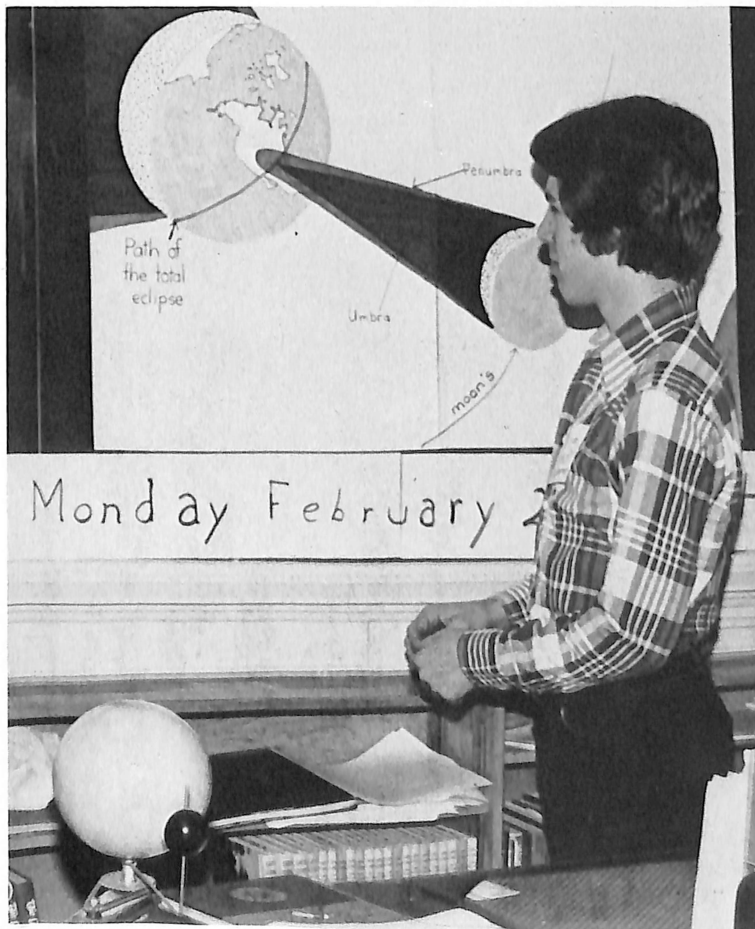

History is a field rich with interesting, engrossing fields to cover ranging from the ancient civilizations of Greece and Rome to the frightening reality of the World Wars. As the students pursue the offered courses a recognizable pattern evolves and warns us of the trap which has always been man's downfall. Hopefully, today's students will learn from history as others before them have.

The teachers in this department also offer studies in political structure and theories and in the psychology and sociology of the relevant issues of today.

ABOVE: Mr. D. Davidson, Mrs. R. Kennedy, Mr. M. Schiek (Head), and Mr. J. Scott. BELOW: Dave Stewart checks Open House display concerning February's Solar Eclipse.

GEOGRAPHY DEPARTMENT

One of the highlights in the Geography Department in 78/79 was the Senior field trips.

Early in May a group of 36 students from Geo. 301 and 551 made a circuit of Southwestern Ontario in three days. Messrs. Davidson and Schiek led the trip.

The places visited were numerous and included the Bruce Nuclear Plant, the Bruce trail near Tobermory, manufacturing plants in Owen Sound (Monroe and Canadian Pittsburgh Industries), Inglis Falls, Elora Gorge, Niagara Falls and Lewiston, New York.

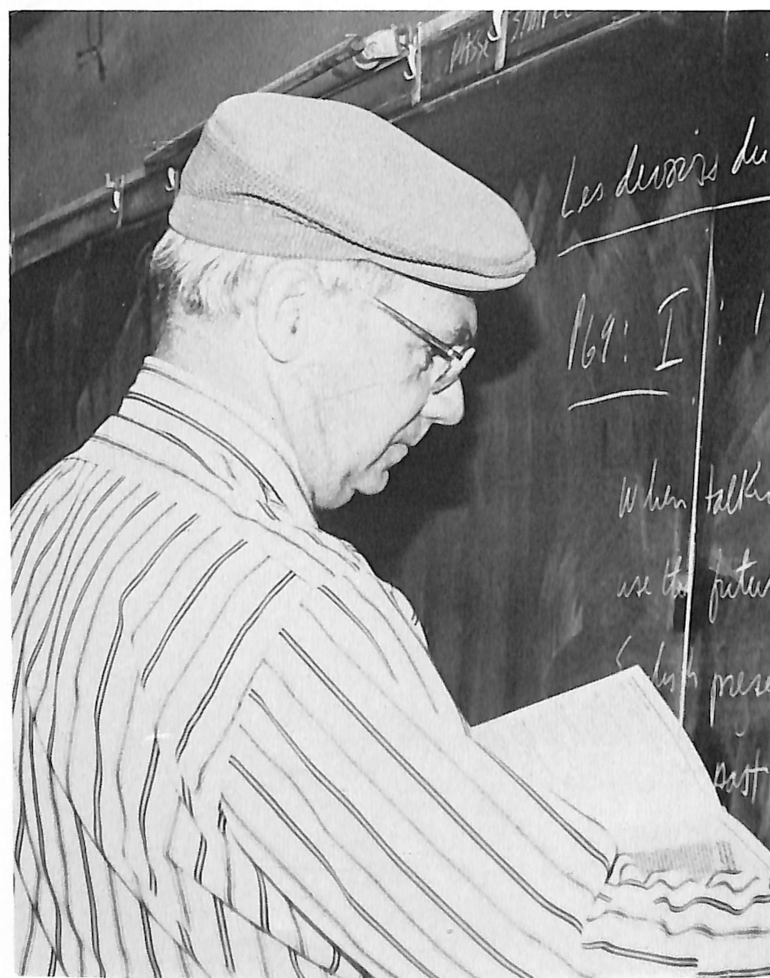

Late in May a second senior group of Geo. 551 students travelled to Rock Glen for a day-long visit to study the erosional features of this unique local feature. This and the everyday study made a great year for our Geography Department.

ABOVE: Department members Miss M. Coffer, Mr. B. Little (Head), and Mr. D. Carnegie.

MODERNS DEPARTMENT

These are times of great change in the Moderns Department. Since the first year of French has been shoved back from Grade 7 to Grade 3, new waves of students with vastly increased experience in the language will begin to arrive at SCI&TS this fall. All the courses and text books will have to be changed to accommodate them. We are also welcoming a new Department Head. Mr. R. F. McLellan, who was formerly assistant head here and at St. Clair Secondary School, will return in September to replace Mr. Little who is retiring in June. Much luck and good wishes are extended to Mr. McLellan.

ABOVE: Mr. Jolley conducts the Symphonic Band during a rehearsal of the 1979 edition of the SCITS Revue. BELOW: a section of the brass group during an assembly.

MUSIC DEPARTMENT

The Music Department is headed by and consists of Mr. D. Jolley, director of the S.C.I.T.S. Symphonic Band. This important addition to our school pops up at assemblies, graduations and such events as the S.C.I.T.S. Revue. Music courses include grades 9 through 13 where the basics of wind, brass and percussion instruments are taught and built upon. Other areas of the course include music appreciation, theory, arranging and directing for concert band. Music is an important part of life, for leisure and study, and we have a great chance to appreciate this through our Music Department.

ABOVE: Mrs. S. Thompson and Miss Pippard (Head). BELOW: Brenda Maginn shows off a superb effort in cake baking and decorating during SCITS Open House.

HOME ECONOMICS

Headed by Miss Pippard this department deals with sewing, cooking, and crafts as well as the study of families, family planning, housing and interior decorating. All of these skills and subjects are essential to almost any future family or home-owner. The department's aim is to prepare all students to cope with their future living situations.

Miss Pippard is assisted by Mrs. A. Thompson and together their courses cover grades nine through 13. All students are encouraged to give it a try, to prepare for tomorrow.

ABOVE: Mr. J. Bakker (Head), Mr. R. Sellers, Mr. T. McCord, Mr. J. Bennett, Mr. M. Mitchell, Mr. J. Rome, Mr. T. Hamilton, and Mrs. C. Harris, seated. BELOW: Seniors Carol Hunt and Carmen Coultis doing an experiment in Mr. Hamilton's class.

SCIENCE DEPARTMENT

The field of Science grows steadily each day and here at S.C.I.&T.S. as we learn the basics of a large area of study.

Courses range from biological to physical studies which are better understood through experimentation. This can explain the logical thinking behind the "slinky throw" on third floor (the experiment proved that slinky's will spring back through almost any circumstances).

Other experiments include dissection and labelling of plants and animals.

On the whole, the Science Department is doing a great job of keeping us informed in this wide area of study.

PHYSICAL EDUCATION

The courses in the Physical Education program at S.C.I.&T.S. are designed to help students learn various skills and improve their fitness levels. In the senior grades activities with recreational carry-over are emphasized. Plans are currently under way to extend the program to include Grade Thirteen but these have not been finalized for the coming school year.

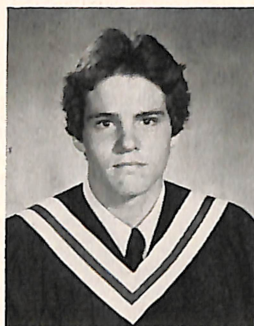

The Physical Education Departments also govern the interschool athletic program which is a vital aspect of student life. Without the involvement of many interested staff members who contribute their time, energy and expertise as coaches, this program could not operate. Thanks to the coaches and students for their support.

JAY ARMSTRONG

Jay is known by his friends as "A. J." If all of Jay's employees are women, he should go far because he has a seemingly irresistible charm. He has given much to all of us at S.C.I.T.S. and will long be remembered by his many friends.

PETE BAINBRIDGE

Pete, (Bainer, Jr.) was this year's senior football captain. He has played Bomber football for 3 years. Pete's devastating accomplishments (along with the rest of the team) brought us as far as the semi-finals this year. Pete's other interests lie with his motorcycle, and his Functions and Relations textbook!

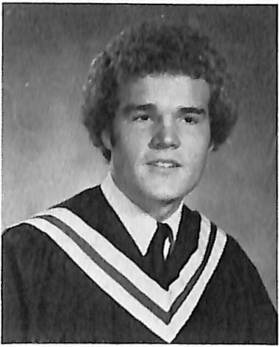

SHARON BELAND

Sharon is a quiet girl, hard to get to know. She left our fair city for Yellowknife but returned from the rigours of life there in grade 11 and came to SCITS. Her chief interest and preoccupation is Rob, aside from her part-time school life. She hopes to attend Fanshawe College in London upon graduation.

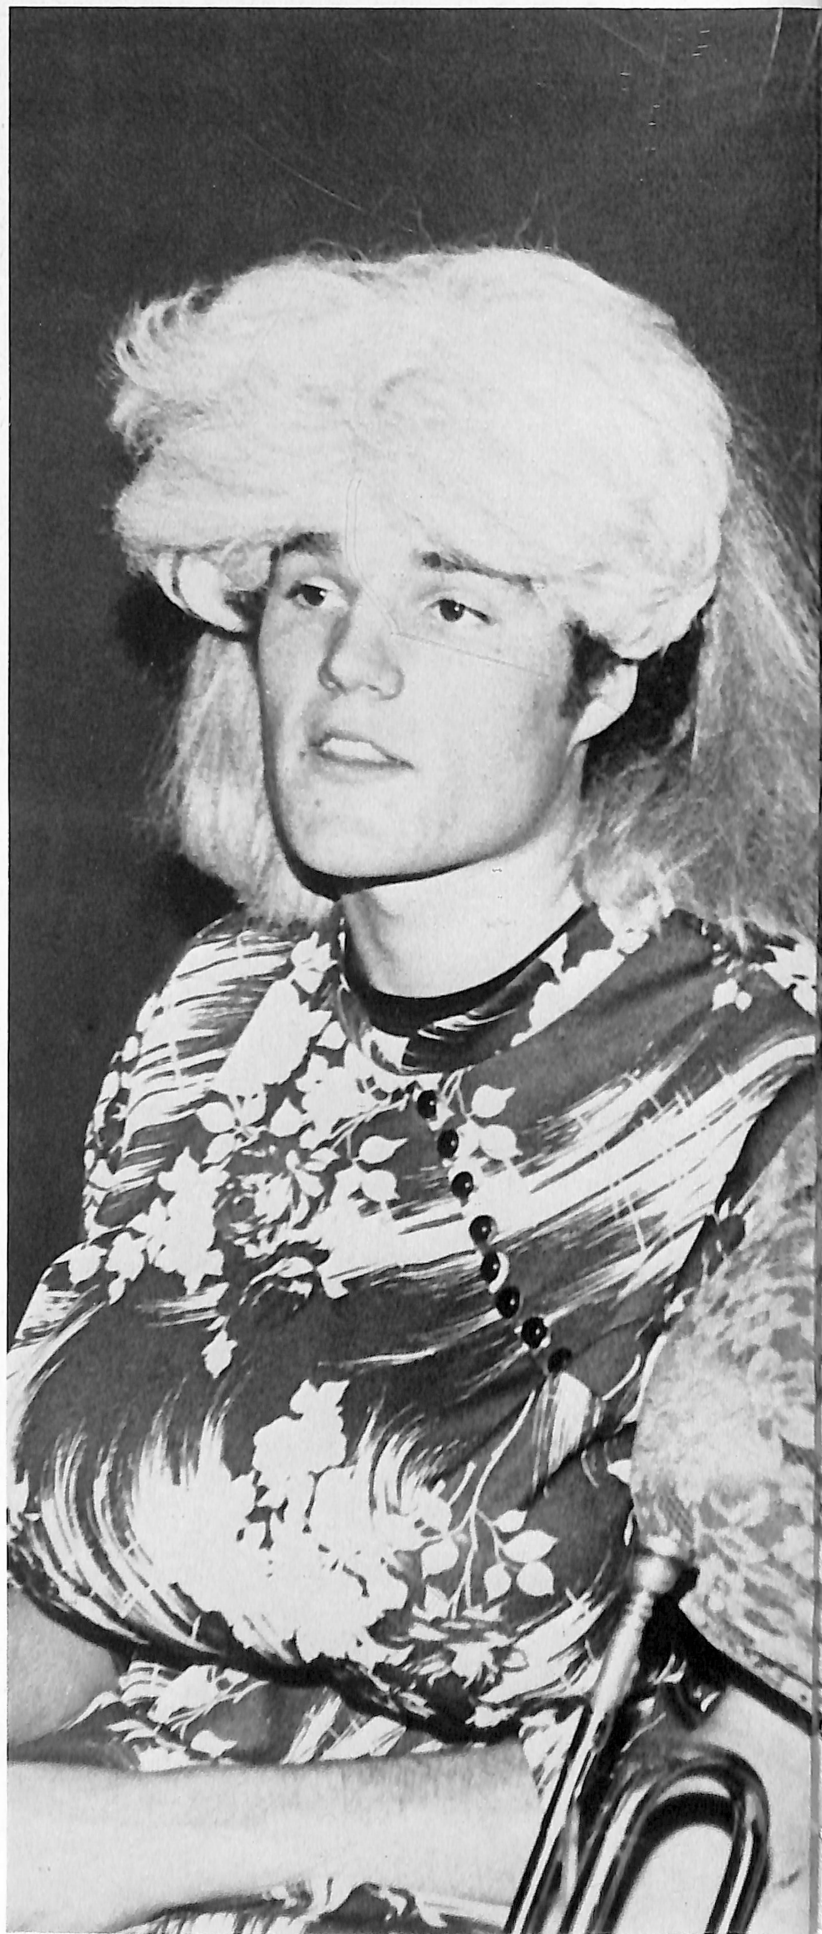

MIKE BENI

Mike, known by his friends as "Andy" has been at S.C.I.T.S. for five years. He is also known as "a wild and crazy guy"! Eat your heart out, Steve Martin! Mike is a very friendly person and is liked by everyone in his "family".

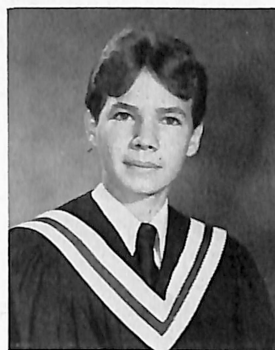

BRENDA BURDETT

Brenda is one of our famous Point Edwardian imports. She brought many things with her from the point; for example, her friendly smile, and her bright sunny personality. Brenda is a very nice person to know and has been involved in all areas of art and sports at SCITS.

honouring grads

RICHARD BURGESS

Rick has accomplished much in his 5 years at Scits. Twice he won the "Baby Face" Billy Award and he was a member of the SCITS band for three years. Despite this involvement, he did not neglect his physique. He has been a member of both volleyball and basketball teams. Now he's in the militia because he won a free pair of army boots.

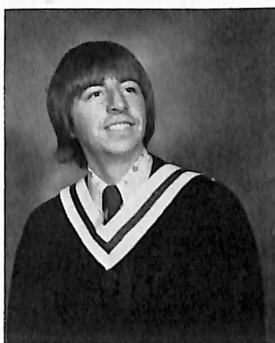

SUE BUXTON

Sue's main ambition in life is to keep everyone laughing, and earn her wings. She has been very active in the drama club and S.C.I.T.S. Revue, but more active during weekends. Sue was also a runner-up for this year's Miss Point Edward.

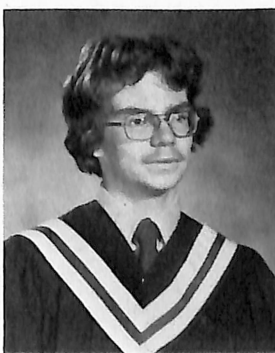

TAMMIE CAMPBELL

Tammie is a former band member and played clarinet. She was also involved with cross-country running. She enjoys outdoor activities and is known by some of us (her friends) as "T". Her future goal is to go to college and become a cosmetician.

GREG CLARKE

Greg can be seen roaming the halls of SCITS full of life and excitement. This interest and excitement for school is only outdone by his skill at volleyball. Greg was a steady starter for the '78-'79 season. His life's ambition is to pass Grade 13 from the University of Lambton.

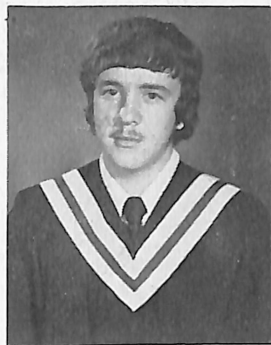

JIM CLARKE

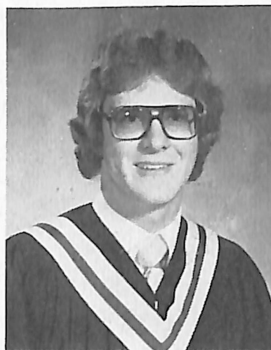

What can I say, but he's a real "macho" man who likes to Boogie. He is very active in the weight lifting program in room 99. His favourite pastime is the library club and his favourite shirt is the Nautilus one. Jim's ambition is to win the lottery every month for life.

DOUGLAS DRYSDALE

Doug is interested in all sports. He has been on the school soccer, wrestling, cross country and track and field team. Doug also belonged to the C.B. and Ham Radio club since he likes spending his spare time talking on his C.B. radio. He also spends much of his spare time in bowling and enjoys drinking (Dr. Pepper). Next year Doug plans on trying more sophisticated sports.

**JIM DUCHENE**

In his pastime he imitates Evel Knievel and plays the piano. Jim is a natural nature lover. This is why he wants to move up north, where the deer and the antelope play — to become a forester ranger. Good luck Jim.

**CHRIS DUNCAN**

Chris has been involved here at S.C.I.&T.S. in the Symphonic Band, for three years, took an active part in last year's yearbook, and is a member of the Library Club. Except for Monday morning, and an occasional ninth period, Chris makes a real effort in her studies. Chris would like to become a nurse.

**LOWELL DUNLOP**

During her years at S.C.I.&T.S., Lowell has been actively involved in the Drama Club, doing stage and set design, and in the Revue she played Andy Capp's wife, Flo. Lowell hopes to go to Fanshawe College and take broadcast journalism. Her hobbies include downhill skiing (she hasn't learned how to stop yet), rollerskating and dancing. Lowell's main ambition in life is to find sane friends.

**HEATHER EAGLES**

Heather has artistic and musical talents. She plans to go through for accounting at Wilfred Laurier. Her favourite past times are racquet sports, card games, and eating. She helped paint backdrops for the Drama Club. She never seems to have a spare minute, yet she still does well in school.

**MICHELE ERKER**

You can always tell when Michele's around but you usually hear her before you see her. Her hobbies are driving "Murphy" and going for a beer. Michele's ambition is to become a nurse. With Michele's eagerness and personality, she will succeed.

DAN CORRIGAN

Danny has spent most of his career at SCITS juggling his interest in drama with his interest in sports. Fortunately, he has excelled in both areas. He plans to attend Bowling Green on a hockey scholarship where he will pursue a career in sports and/or television and radio broadcasting.

LESLIE CRAIG

Lee (alias "Yoyo" in Calculus) has been the quiet type all her days at SCITS, but all her friends know the real Lee. She has contributed much to her fellow students at SCITS, including participating in track and field and the SCITS Revue.

RUTH DAVIS

Ruth is very involved in school sports. She has played volleyball for five years and basketball for one. Ruth has lots of school spirit, and goes to all football and basketball games. Some people call her "Buzz", but most call her Ruth.

WENDY DILLING

Wendy is a very busy student. Earlier this year she gave up her job to further her enjoyment of Chemistry, Functions and especially English. Her hobby is homework and she loves teachers who "leave it to you". Wendy would like to go to Guelph and study to become a dietician.

BILL DOUMA

Bill is a fulltime member of the Balmoral club. Bill, alias "worm", managed the football team and is a good athlete. He holds the school record for the most accidents in one day, (3). Bill plans a career in business.

HEATHER DRUMMOND

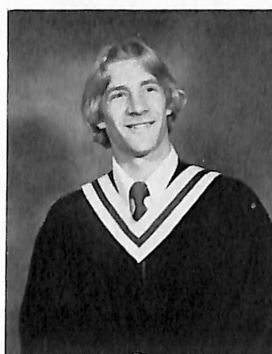

There is so much to say about Heather, but she won't let us. So, all we can say is: she wants to go to Lakehead to take outdoor recreation and she is a lifeguard at the Mooretown Complex. (Tell us your secrets Heather!)

DOUG FERGUSON

In his stay at SCI&TS, Doug has been active in the Drama Club. In his spare time, he likes to play his guitar. He was first noted for his Elvis impersonations, then for Inspector Clouseau, and then as Mork. Doug hopes to continue studies in math and science.

SUE HANSEN

Susie Q's favourite saying is "You slob". She doesn't talk at everyone's level! Her favourite question is "What's up!" In her next life she hopes to be as tall as the CN Tower, but will settle for being bigger than a bread box. She is a quiet and sincere girl who works hard.

DIHANNE HARDY

Dihanne is known around SCITS as "Hardy" or "Skinny". She can usually be seen around the south end with her hubby Mike or standing in the halls keeping a low profile from teachers. Her future plans are unknown, but with all her get-up-and-go, she'll get places.

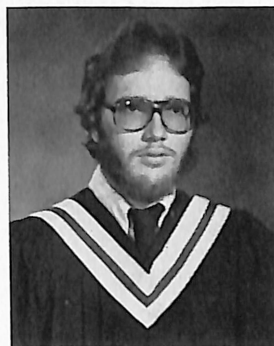

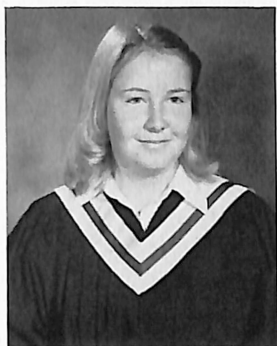

BONNIE HASLIP

During Bonnie's five years at SCI&TS she has been involved with the Library Club, SPADES Club, Swimming Club, and the Revue. She is actively involved in Young Peoples and the Youth Choir. She plans to get her B.A. in Sociology over the next few years at university.

LORI HASLIP

Lori is known as the sometimes blonde because she thinks she's worth it. She is famous for her ability to catch the football players in action (on film that is). She is also involved in taking pictures for the yearbook. Next year she plans on attending Sheridan to study media arts.

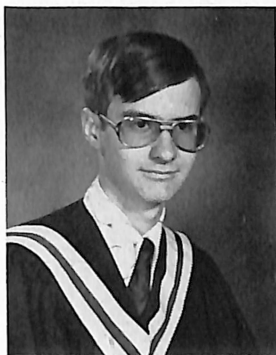

MIKE JARDINE

Mike is a member of the famed Balmoral Club from SCI. He has been at SCITS for five years. Whenever Mr. McCahill is looking for someone to blame for a prank, he goes to Jard. Mike's ambition is to graduate within the next three years and become an "Educated Bum".

DENNIS HEATH

One of the less famous members of the infamous Balmoral Club, he is also known for creating skits for the Revue like Batman and the Pink Panther, which are also his favourite T.V. shows. Because of his motorcycle and leather jacket he is known as "The Hood".

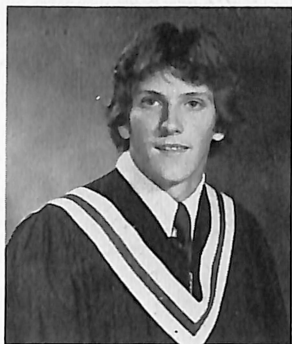

CHRISTINE JOHNSTON

Christine is small in stature but big in heart. She cheers for St. Pat's No. 80 (traitor). She has completed Grade 13 in four years; and plans to attend university to become a teacher of the deaf. With her enthusiasm and personality, she should have no trouble in attaining her goal.

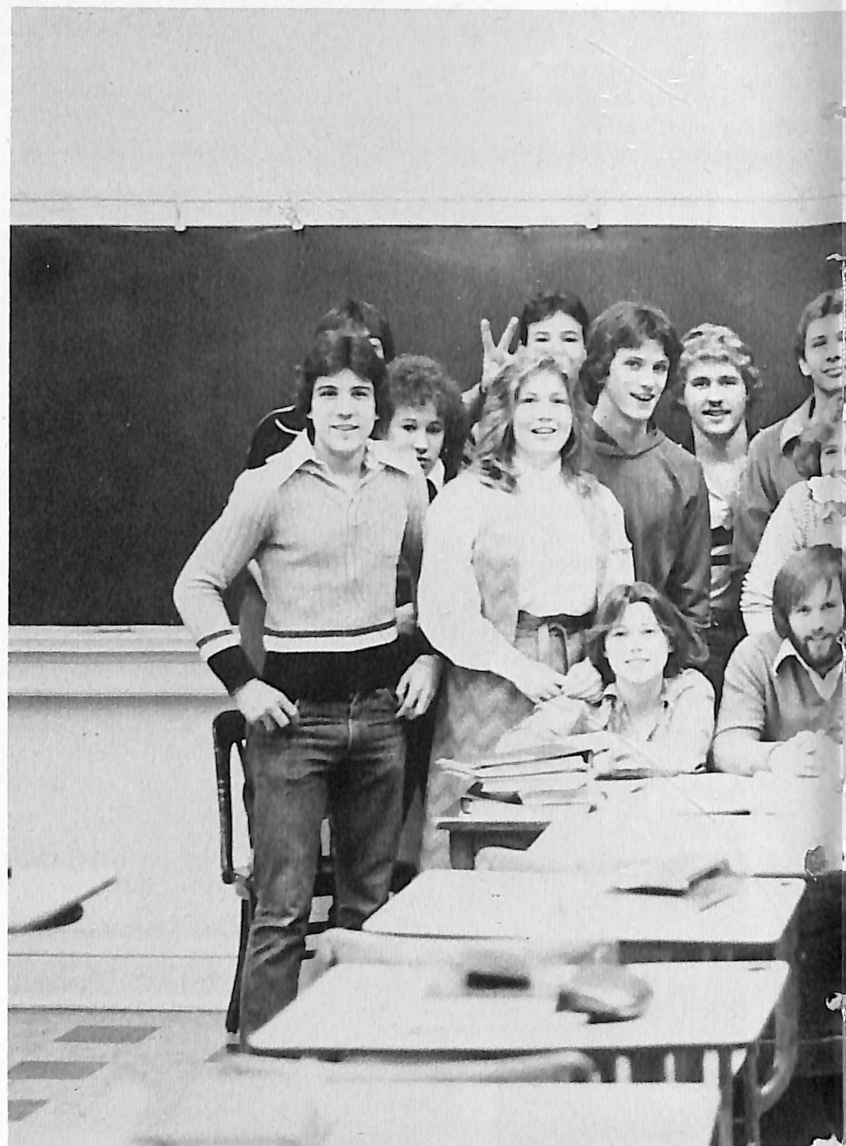

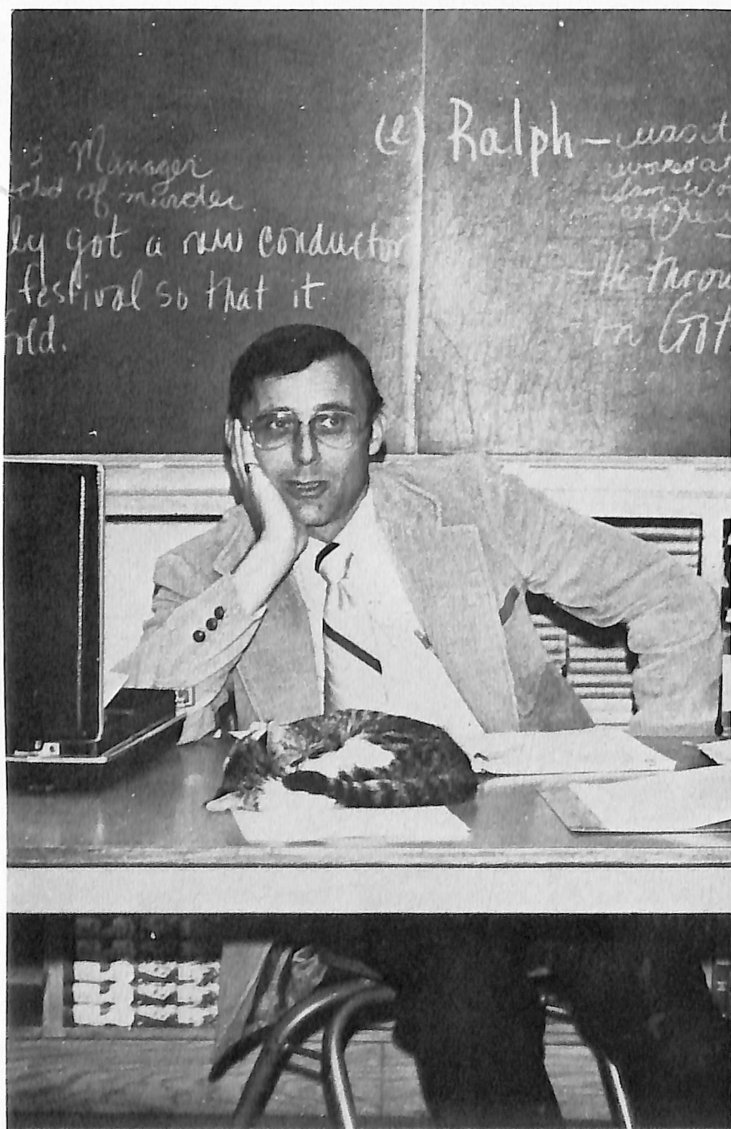

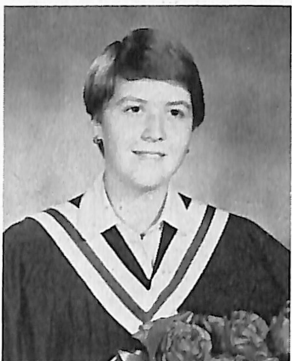

TOM KIRKLAND

Tom is making his way through grade 13 and hopes to graduate soon so his apprenticeship at Purdy's will begin. Tom loves the great outdoors and maybe some day he will follow up the studies of Ewell Gibbons. (His books are edible you know!) His easy-going and pleasant attitude will always be an asset.

GWEN LAIRD

Gwen is a five-year graduate who is usually seen arriving at school at 8:45, late as usual. Her school activities have included G.A.A., cheerleading and the Symphonic Band. She is presently the president of a Young People's group and leads a junior choir. Gwen is hoping to attend Ontario Bible College in Toronto next year to major in music and Christian Education.

MELANIE LINKIN

Mel is a little "goober". She's the queen of the Bal gang, Mr. Cook's favourite student, and known to many as "Smelvin". She has acquired numerous recognitions from her gymnastic abilities.

LORI LARSEN

Lori is a honour student at SCITS. She enjoys skating, reading, and swimming. The rest of her time is spent doing homework. Lori enjoys many sports, especially hockey and football. She plans to attend university in the fall.

BECKY LAST

When Becky came to grade 13, she promised she was going to "ACE OUT"; well, sometimes diversions like the "Continental" can break promises! She is a terrific person and a great artist too. She works at the IGA in Point Edward (although she'd rather doodle than push the boring buttons on the cash register).

MARIE MAW

Marie is really fortunate in having done five year's work in four. Marie enjoys sports, especially volleyball and hockey. Her hobbies include camping, music, Young People's, and Youth Choir. Her goals for the future are to attend York University and get her B.A. in Psychology; with this she plans to teach exceptional children.

KATHY LITTLE

Kathy hails from Wallaceburg and joined S.C.I.&T.S. in grade nine. She has had honours for the past four years and was the S.O.S. Personnel award winner in grade twelve. Her interests include the Revue and a job at Mooretown's General Store. Kathy plans on switching to an accounting course at Lambton on graduation, if not sooner.

DOREEN MARJAMA

Doreen was a member of the Drama Club and enjoys swimming, dancing and smiling. She intends to go through Toronto University to study Law. In grade nine she won the shyest person in the Billy Awards. You've come a long way, baby!

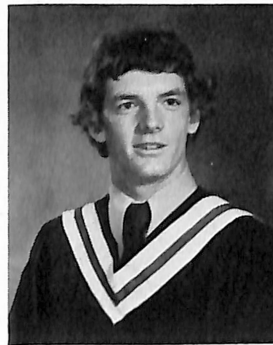

LANA MARJAMA

This girl is a true athlete, participating all year round and still finding time to play the field, the track field of course. Other involvements of Lana's are the G.A.A., Library and Lettermen Clubs. When Lana stopped giggling she did very well in school!

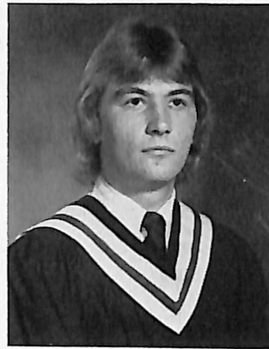

RON MAXFIELD

Max is a member of the SCITS football team, and like most football players, he can usually be found in the Balmoral during the off season. Ron claims his only ambition is to become a millionaire without working for it. Good luck!

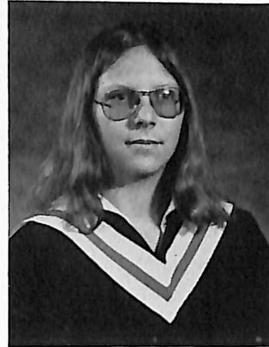

GEORGINA McCAW

Georgina has brought many laughs and smiles to us during her five years at SCITS. She can't sing, dance, or act but can she ever . . . brighten up her math class! Ask Peter Robinson. Good luck is promised in her friendly future.

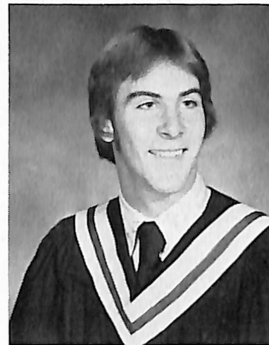

SCOTT MacLEAN

In his final year, Scott not only handled(?) the job of president of the Students' Council but was also self-elected for directing traffic in front of the school library. His hobbies are girls, missing classes, and working at Skate Country. Scott hopes to become an RCMP officer in the future.

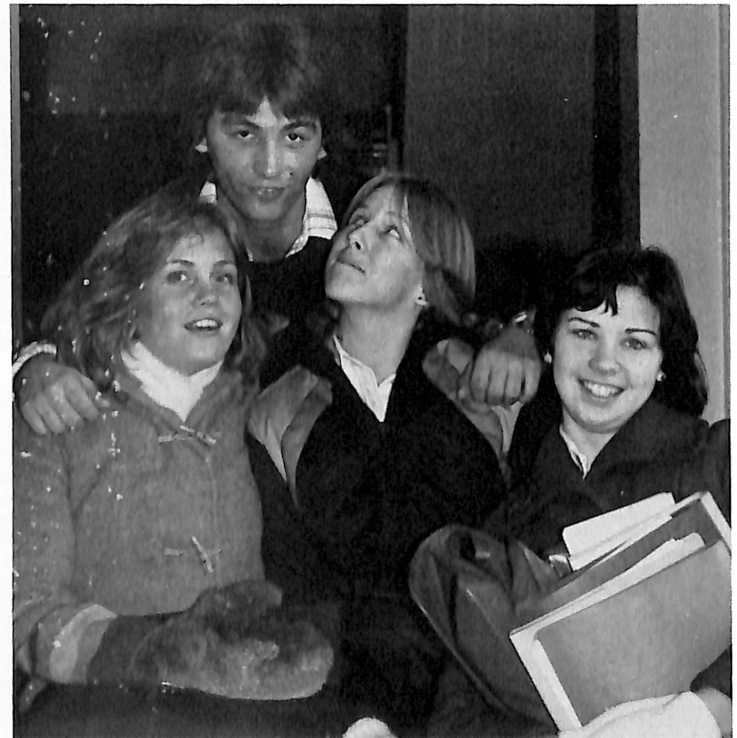

LORI McKEE

"What can I say?" is her favorite comeback. Lori is an outspoken athlete who has played basketball during all her years at SCITS. She also plays soccer and plans to be the goalie again in the spring. You often see Lori bombing around town in her maroon Vet, honking and waving at all the cute guys who also happen to drive Vets.

TODD McKELVIE

Nickname "Toad". He's been very active, not all for the benefit of the school. Todd is a frequent member of the "Balmoral Club". Toad's ambition is to make it through Grade 13, let alone to pass.

CINDY McLAUGHLIN

Grinch's favourite summer pastime was ram-rodding in her '58 Super Chief. Currently, she wheels around backwards at Skate Country. Cindy's main goal in life is to succeed in a career in TV or Broadcasting. If that sincere desire doesn't work lookout wealthy bachelors!!

THERESA McLEAN

Theresa's friendly smile, warm personality and weird laugh make her an important part of SCITS. She will be successful in whatever she chooses. Theresa has been involved in many sports activities throughout school and is wished all the best.

KELLEY McPHERDRAN

During Kelly's five years at SCITS she has been involved in the Drama and Spades Clubs. She has been a member of the GAA for five years and a cheerleader for two years. She would like to go on to Lambton College, possibly into Computer Programming.

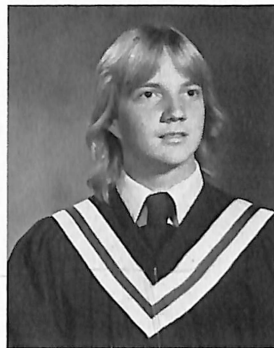

LYNN McRAE

Lynn is better known as "Curly", for obvious reasons. If she can learn how to convert all of the energy she exerts disturbing Mrs. Barkwell into her studies next year, she is bound to succeed. She is also a member of the Library Club.

PENNY McRAE

Penny is a quiet student and is liked by all. She doesn't have any financial problems because she usually wins the I.O.D.E. awards. In her spare time, she enjoys teaching piano lessons. She plans on going to college to become a radiologist if she ever makes it out of Mr. Arthurs' English class!

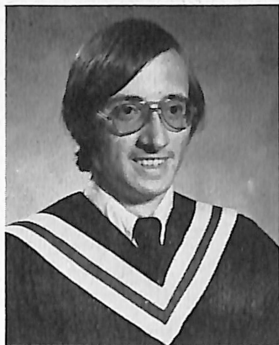

JEFF MURRAY

Jeff spends his time following Sharon around. "Mur-bye" is a member of the Bal gang, is known as "Crash" and is one of the best tennis players in the school. Jeff spends his weekends cleaning buses at Davies Bus Lines and running into gas pumps. Jeff's plans for the future are indefinite and we wish him the best of luck.

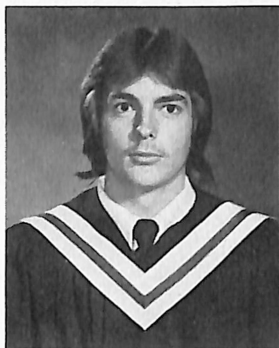

ROB NESBITT

Rob plans to go on with his schooling at the University level and plans to take geography courses as his major area. Rob enjoys the freedom of cruising around on his Kawasaki during his leisure hours. He is a quiet person who is easy to get along with.

**ROSALINDA PAREDES**

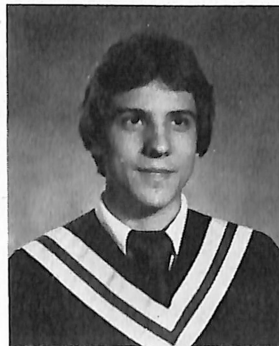

Ever since Rosy came to Sarnia from Chile, she has been actively involved in school. She is now Vice-President of Students' Council and she is busy working at the Road. Rosy is considerate and empathetic and will succeed in becoming a Social Worker.

**TERRY NYP****LEEANNE O'CONNOR**

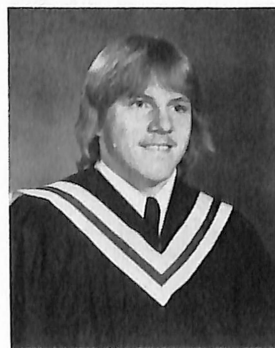

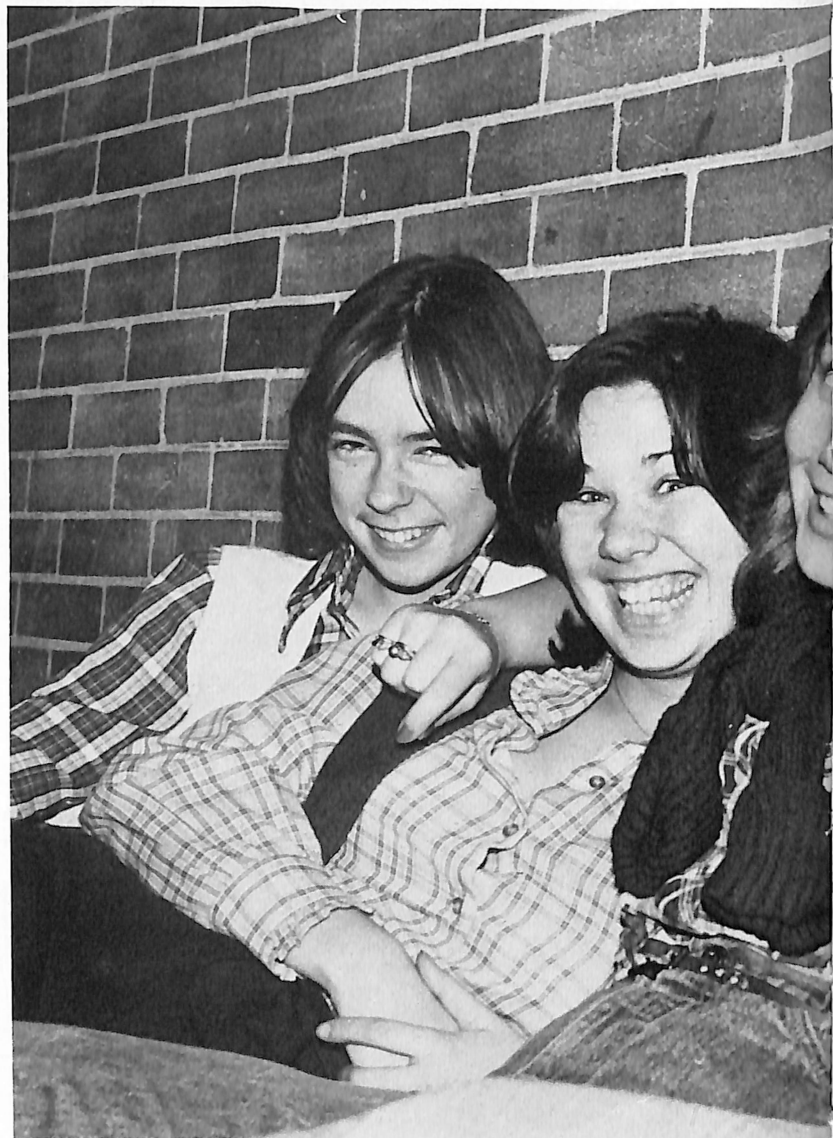

LeeAnne O'Connor is more commonly known as "OKIE". She has been a cheerleader for years. LeeAnne is very popular at school and will long be remembered by all of her friends. When LeeAnne grows up she would like to hang out at Toga-parties.

**ORIOLANDO ORTINS**

Orio has been officially made a member of the Balmoral this year. He is also known around the school as the "Portuguese Cookie" and "Tony". Orio has helped in the school Symphonic Band throughout his years at SCITS. He plans on becoming a mechanical engineer in the near future. Mr. Christie, you make good "Cookies".

**KRIS OVENS**

Kris is a four-year honour student here at SCI. She enjoys water-skiing, on her derriere, skating, and travelling. Kris was an active member of the Library Club for three years. She plans to enroll in the accounting program at Ryerson next year.

**GREG POSTIL**

Greg is a quiet fellow who has been at SCITS for the past five years and has chosen football as his major area of study. He disappeared from the school scene shortly after the football season ended and hopefully he will return with his talents next season to complete his Grade 13. Greg is also very active in other sports areas and is a permanent member of the Balmoral Club.

KAREN RILEY

Karen is probably SCITS' most determined, hard-working student, but that doesn't keep her from partying. (We liked your toga and grapes!) If they gave an award for the person most likely to, Karen would surely get it. In a few years we'll see Karen behind the prescription counter at BigV.

BRIAN TITHECOTT

Whenever anything seems abnormal in the school (cars in halls, etc.) Mr. McCahill goes straight to Brian! Brian doesn't spend all his time masterminding pranks; he plays basketball and works for his dad (Jerry's TV). Without Brian, life at this school would seem dull, but would run smoothly and normally.

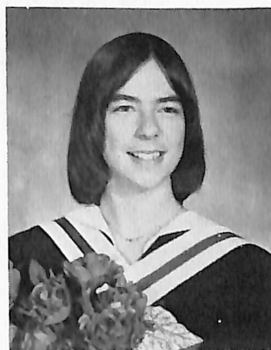

ALISON THRENDYLE

Alison is our resident Texan who has never actually lived there. Don't ask her what she is doing next year! She doesn't know. Alison is a very quiet person unless she is doing her Popeye laugh or Fractured Fairy Tale song. She also knows Lori Haslip very well which should be worth something. (Of course Lori had something to do with this write-up.)

GAYLE TIMMINGTON

Gayle's main ambition in life is to become a physical education teacher, without passing 13. She has been in the Gymnastics Club, GAA, School Paper, Cheerleading, and SCITS Revue. SCITS halls will be a lot quieter without the roadrunner: BEEP BEEP!

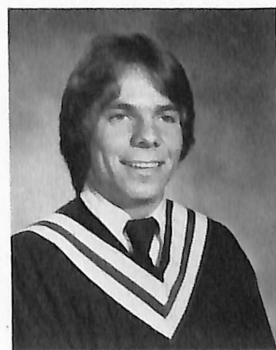

CATHY SMITH

Cathy is a very ambitious student. Unlike the rest of the period four lunch 'fiends', her ambition is not to win every game of Hearts. Her favourite classes are functions, calculus, and especially, chemistry. (Cathy has a passion for ionization charts!) If this year is any indication of the future, Cathy is sure to succeed in her endeavors.

LAURA ROUTLEY

Laura is the captain of the senior cheerleaders, president of the GAA, president of the Young People's group, co-ordinator for the parks of Sarnia and also, first runner-up in the Miss Sweetheart contest. She plans to go to Trent University, where she will pursue a career in social work.

MIKE WEISS

Mike is a resident of Point Edward and a member of the school Balmoral Club. He is a lover of many different sports, besides the ones at the Bal., and has taken part in many at SCITS, particularly football. Wherever he goes, he follows his nose. (A little poetry for Mr. Arthurs!)

ANN VAN DAM

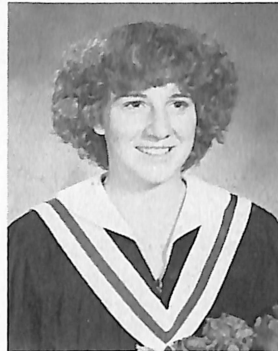

Ann tries to be studious but claims the Continental is more interesting than classes. She is doing a lot better with drama than keeping cash at Dominion. This has been Ann's only year at SCITS, but she says it has been the best. Seeing as it is her only year at SCITS, it must have brightened up her life. Ann won the Outstanding Actress Award this year in "Pygmalion".

**JANICE WILSON**

Janice is well known to many as "Wils" or "little Ferg". She's one of the many smart and sexy lifeguards from Mooretown. She's been in the Drama Club for 3 years, and was a finalist in the Home-coming Contest. She has been in the Revue for the past few years. She plans to go to Waterloo to study to be an accountant.

BRENDA WILSON

Brenda is the friendly and smiley red head around SCITS. She's a member of the cheerleading squad and loves football players. Brenda spends much of her time working as a lifeguard at the Moore Sports Complex. Her ambition is to become sane.

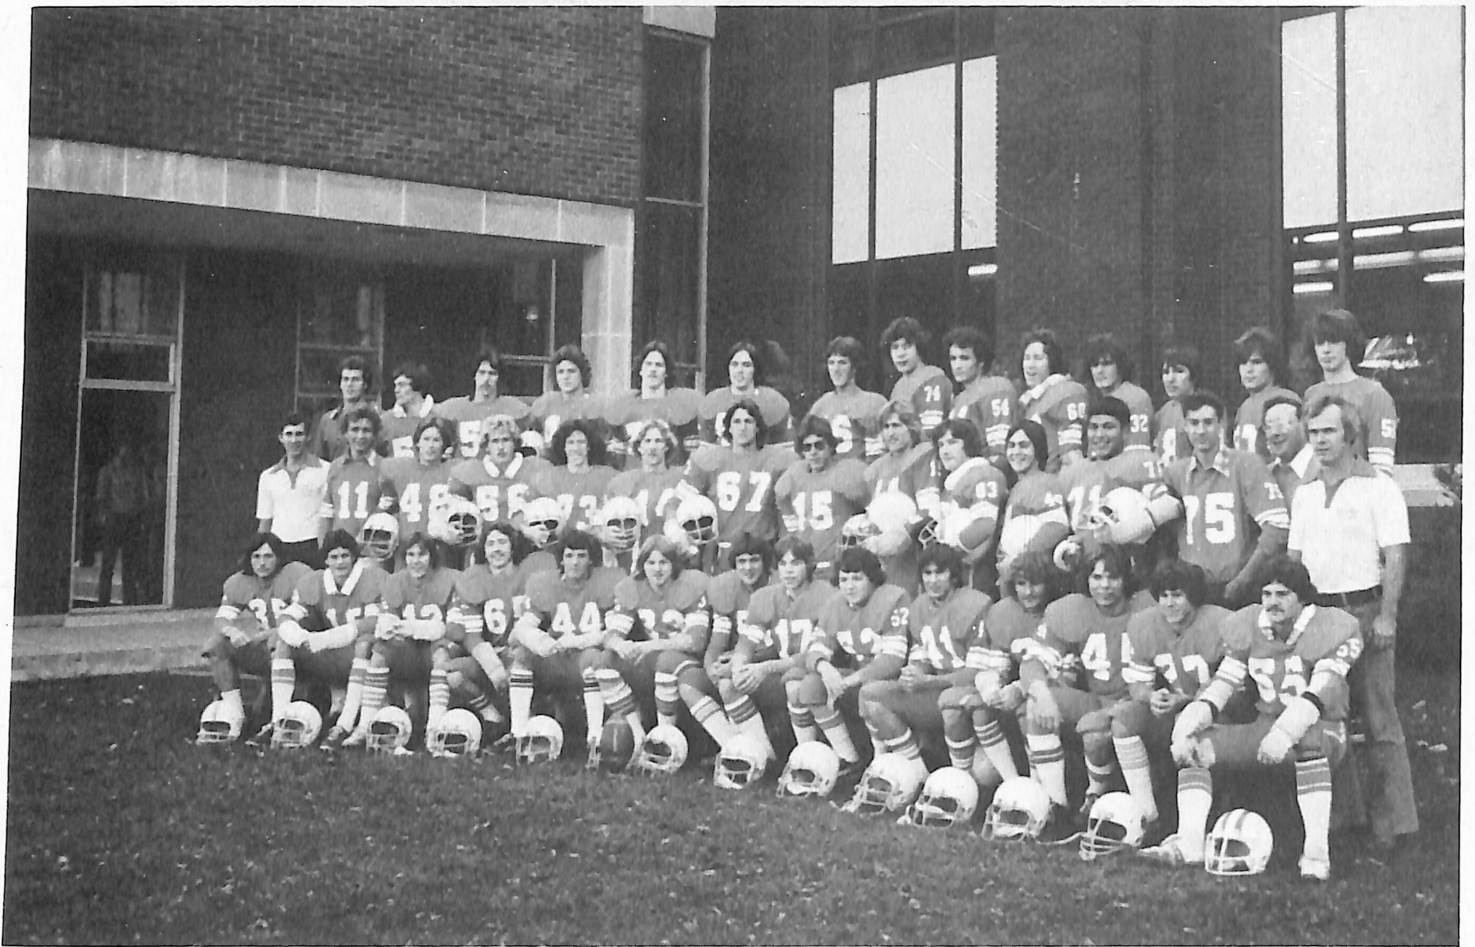

**CAMERA SHY HONOUR GRAD**

Lisa Hardick

sports

'78 SENIOR FOOTBALL

This year's Senior Football team was rated very low. The loss of many top-experienced players hurt the team. The Bombers progressed as the season did and by the season's end, was a top contending team.

In exhibition play, the Bombers defeated London and were edged out by St. Thomas. The experience of the Bombers showed in the first part of the regular season. They lost 8-1 to St. Pat's, defeated Northern 14-10 and lost again to Petrolia 21-14. The loss to Petrolia shook the team up and they then pulled together to win their final two games over Central (15-7) and St. Clair (14-10). The Bombers wound up with a 3-2 record, good enough for third place and a meeting with St. Pat's in the playoffs.

The playoff with St. Pat's was well played by the Bombers but St. Pat's emerged as the victor in overtime play, 35-21.

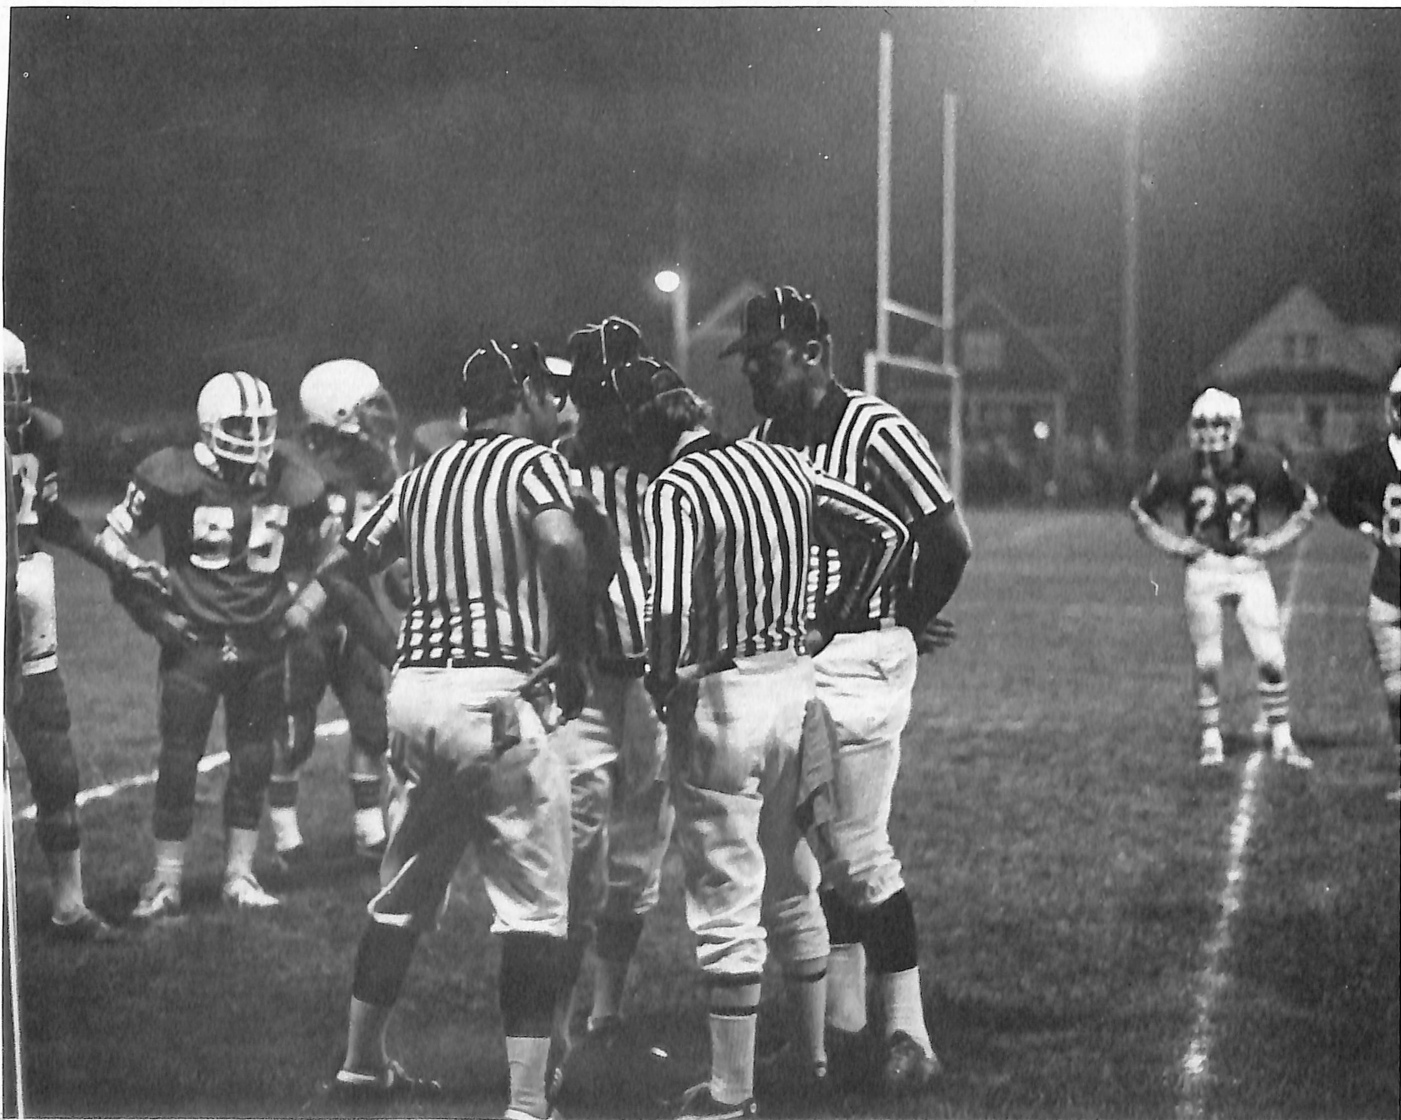

The members of the football team wish to acknowledge Dave Smith, Rick McLellan, J. W. Scott, and Gavin Hall for a fine coaching job. The outlook for next year is very good as many players will be returning.

BOYS' BASKETBALL

SENIOR BASKETBALL

This year the basketball team put forth a showing that was more than expected. Coach McLellan had hoped to make it to the playoffs, however, the team performed well enough to qualify for WOSSA. The Senior Bombers finished third overall in the city, coming on strong when needed. The team defeated Petrolia twice when it was considered the underdog in both games. Mark Darrach, Scott Rand, and Pete Glass were the team's base, all three playing well throughout the year. Captain Brian Tithecott, as well as Rick Caudle, Chris Kohut and Steve Tuskan balanced out most of the remaining offence. The rest of the team members were also strong in offence and defence and supplied their share of talent when called upon.

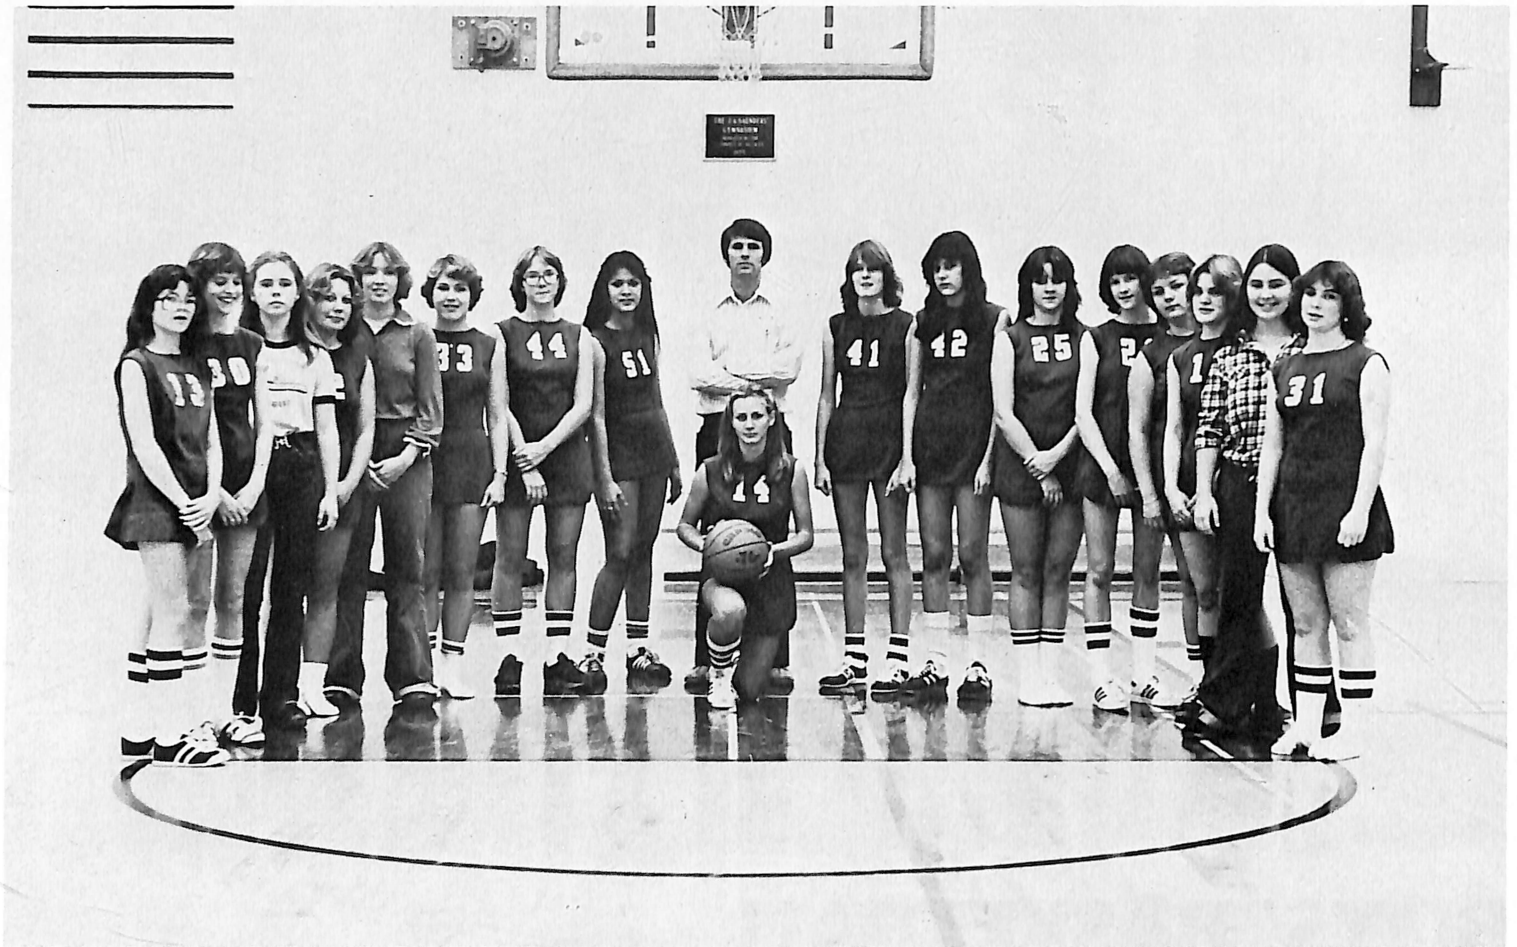

and lost after leading in the first quarter. First line defense was maintained by Tim Fowlie and John Fowlie. Joe Arcuri, Dave Barr, and Ross Atkinson played first line offense. Bench strength was offered by the remaining members of the team with the height of Don Whalen being particularly useful in many game situations. Craig Germain and Bill LeClair ably filled the guard positions when called upon. Captain Arcuri was high scorer for the year. The highlight of this year's schedule was the Exhibition Series played in Mississauga early in December. Of the three games, the Bombers won only a single contest, but improved their skills well enough to end up with a better win than loss column by the end of the LSSAA regular season.

MIDGET BASKETBALL

The season opened with a victory in an exhibition game against Wallaceburg. This set the standard for the year where the team members won nearly three-quarters of their games. For the third year in a row, the Midgets played and lost in the semi-finals of the LSSAA playoffs. This year, the team played the eventual winners, Central,

BACK ROW: Jeff Stewart, Mark Darragh, Rick Caudle, Chris Kohut, Pete Campbell, Steve Tuskan, Mr. McLellan. BOTTOM PHOTO — JUNIORS (front row): Mr. Cook, Chris McPhedran, Bob Stacy, Paul Taylor, Kevin Nathan, Mr. Jackson. BACK: Kevin Penhale, Ian Scott, Darryl Germain, Steve Lester, Pat Lea, Mike Howson. ABOVE — MIDGETS (front row): Pete McPhedran, Ross Atkinson, Dave Barr, Bill LeClair, Craig Germain. BACK: John Fowlie, Gary Whiteside, Don Whalen, Tim Fowlie, Joe Arcuri, Mr. Capes. ABSENT: John MacLachlen.

GIRLS' BASKETBALL

ABOVE — The JUNIOR GIRLS' BASKETBALL TEAM: (from the left) April Archer, Laura Miller, Judy Little, Darlene Gudrie, Diane Davis (Manager), Kelly Craig, Leah Hall, Raccine Fisher, Mr. Archer (Coach), Kim Last (kneeling), Dianne Drummond, Lisa Bright, Mary MacBeth, Kim Brydges, Karen Williams, Lynn Simpson, Sue Kilby (Manager), Paula McCormick.

JUNIOR GIRLS' BASKETBALL

Two great things about this team are that there are twenty of them and they've got the height, but other than that, they're not as good as the Seniors but then, they don't have the experience. Coaching them this year is Mr. Archer himself, who's learning more about the game than the girls themselves. He loves coaching the girls and having them tell him he's doing a great job and loving every minute of it! The win-loss record doesn't bear repeating here but the team actually did have a great year when all aspects are considered.

SENIOR GIRLS' BASKETBALL

The Senior Girls' Basketball Team had few veterans this year but managed to put forth a good performance anyway. Outstanding players were Lana Marjama and Terry Savoy. Although the team couldn't manage to hold a playoff position, they had a lot of fun trying. The team was coached by Mrs. Harris; managers were Margaret Frerreira and Diane Gudrie. Team members were: Lana Marjama (Captain), Ruth Davis, Theresa McLean, Terry Savoy, Barb Westfall, Deb Richard, Ann McKelvie, Cindy Romphf, Jane Walker, Sherri Blaire, Lori McKee, Lori Moore, and Pat Sepich.

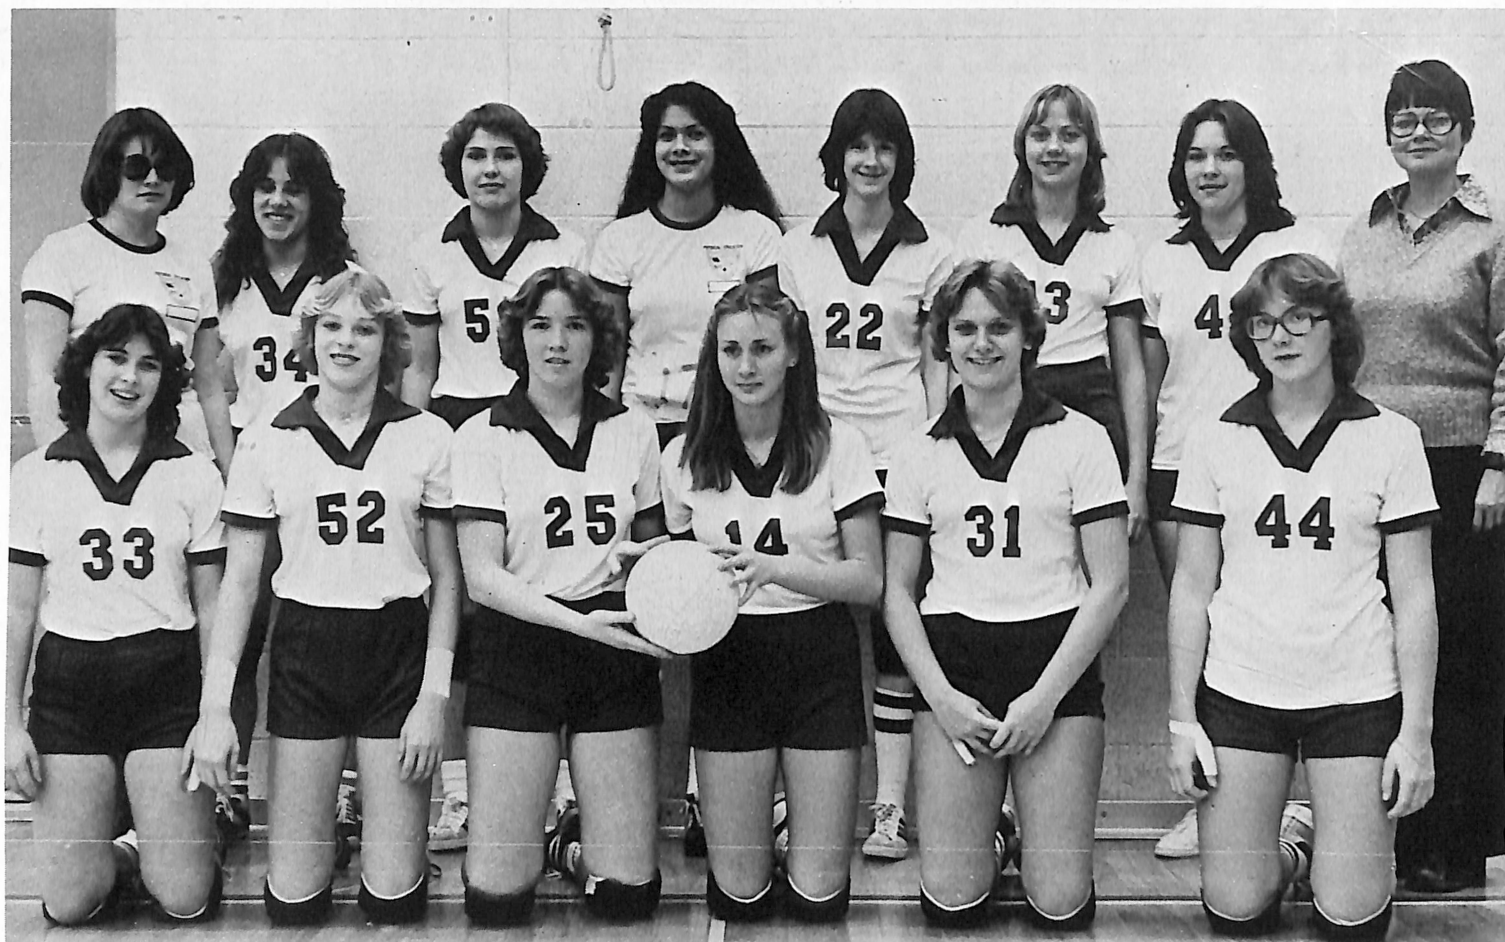

GIRLS' VOLLEYBALL

ABOVE — The SENIOR GIRLS' VOLLEYBALL TEAM. BACK ROW: (left to right) Miss Kostaniuk (Coach), Deb Richard, Barb Westfall, Pat Sepich, Gayle Timmington, Wendy Dilling. CENTRE ROW: Ann McKelvie, Terry Savoy, Linda Keohan, and Cindy Sutton. FRONT ROW: Lana Marjama, Ruth Davis (Co-Captains). ABSENT: Bruce Dilling (Coach), Sandra St. John (Scorer) and Lou McPherson (Manager).

The Senior Team had a very rewarding year by being the first team to advance into the playoffs for quite a number of years in the history of Sarnia Collegiate Institute and Technical School. Team members were high-spirited and had fine coaching, and especially enjoyed having a male coach in the person of Bruce Dilling, a recent SCI&TS grad. (Bruce's bashful face appears at the left.) Everyone put forth her (and his) best effort although the team didn't quite make it to WOSSA competition.

LSSAA RESULTS

WOSSA RESULTS

OFSAA

91

TRACK

This year our Track Team did exceptionally well. Coach Jackson with help from Vito Delben had a prosperous year. The team started practising early to get in shape for things to come. At their first meet, the team did well with many competitors placing in the top six. From here the team again practised hard in preparation for the LSSAA meet. Here we had a good number of winners. In all divisions, our competitors put forth their best effort. Below are the results of the top winners; however, many others gave it their best try as well.

LANA MARJAMA — First in the 800M, and 300M at LSSAA. SENIOR GIRLS' CHAMP LSSAA 4th at WOSSA 1500M. Ninth at OFSSA Regionals. Lana also recorded a new record in the 3000M at LSSAA.

TERRY SAVOY — First in the javelin at LSSAA; third at WOSSA.

CALVIN BRIGHT — Second in 100M third in 200M and 400M in LSSAA competition. FIRST at WOSSA in 100M, sixth in 200M. Calvin placed eighth at the OFSSA regionals. He also won the Junior Track Award for the Boys' Athletic Association.

SUZANNE SCHIWI — First in LSSAA long jump, setting a new record. Third in the high jump. At

WOSSA she placed fourth in the long jump. At the OFSSA Regionals, Suzanne placed ninth.

MURRAY CARR — Third in LSSAA in the 1500M and 3000M races. At WOSSA, he placed seventh and eighth respectively.

JANE WESTFALL — Second in the Long Jump, and fourth in the 100M in LSSAA competition. She placed seventh in both of these at WOSSA.

DOUG MAY — placed second at LSSAA and seventh at WOSSA in the javelin.

SCOTT WELLINGTON — First in the Shotput at LSSAA. Third in the Discus and fifth in the Javelin, also in LSSAA competition. He placed seventh at WOSSA in the Shotput.

LESLIE CATER — placed third at LSSAA in the High Jump. She did well at WOSSA but the competition was stiff.

DAVE JACKSON — Second in the High Jump and third in Discus at LSSAA. Dave did well at WOSSA for his first large competition.

DAVE HUNS — placed second in the Long Jump at LSSAA.

DEB RICHARD — placed second in the Long Jump at LSSAA and ninth at WOSSA.

Murray Carr,
Sports Editor

HOUSE SYSTEM

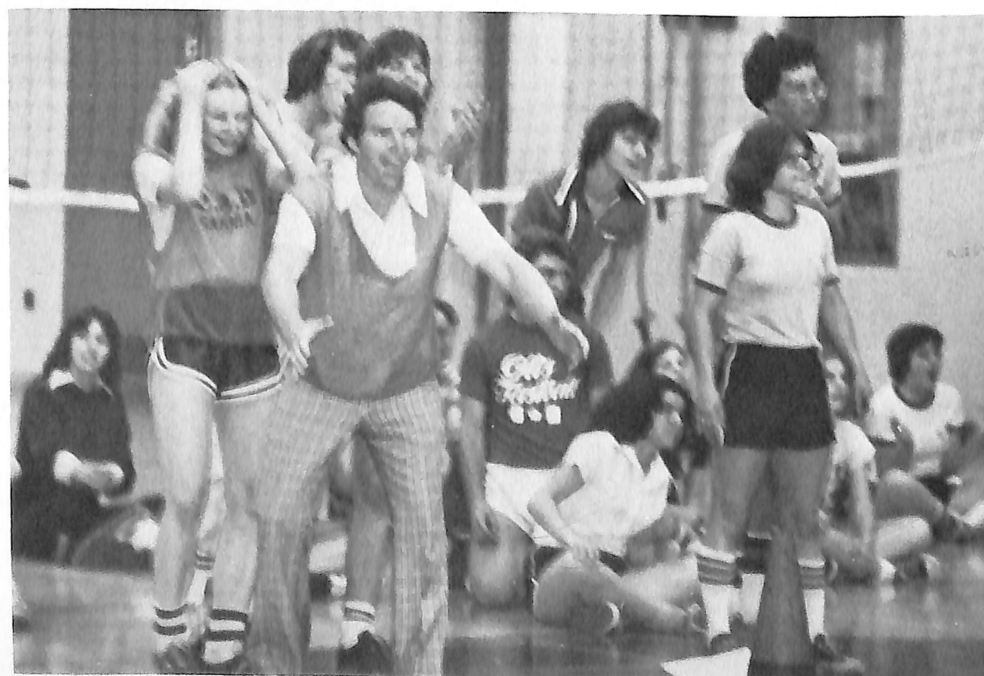

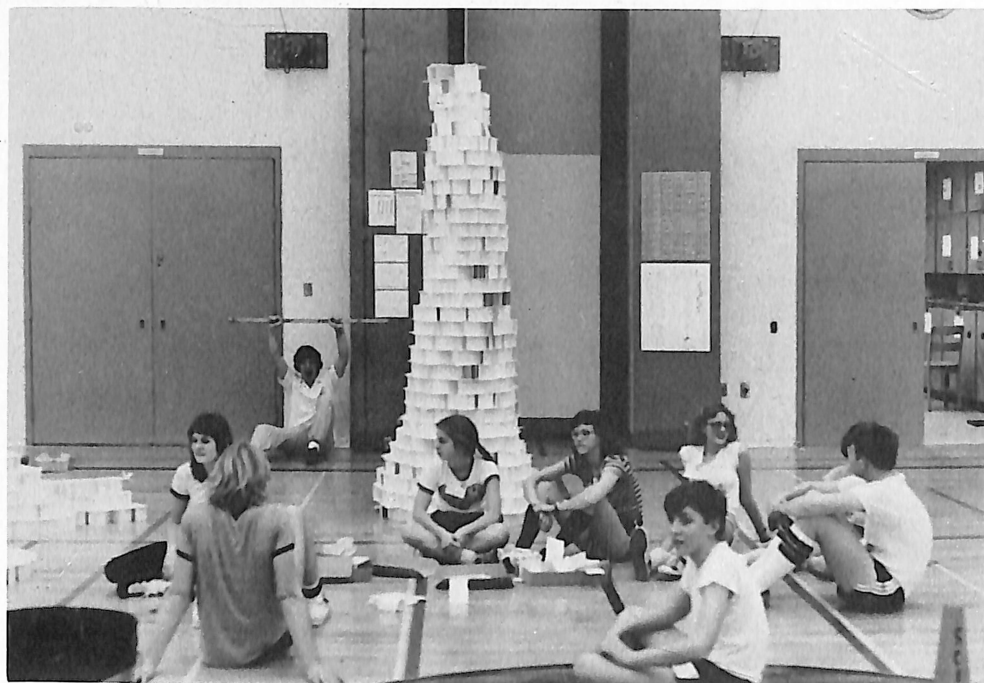

Next year, due to a timetabling change, the school is opening up a new field of sports here at SCI&TS. It is the field of intramural sports. These sports will be facilitated by a new House System and all sports and activities will take place during the lunch period. School officials and House co-ordinators are hoping to get everyone involved and have a successful and enjoyable in doing so. There have been many long hours put into the new program by many people who are very excited by the possibilities of such a new system.

The intramural program began with a visit to York University in Toronto for ten students and four teaching staff members. They then returned to the school and held their own 'sleepover' and workshops for about forty of us who were also to be involved in the new program. They passed on the information and fun they had received in Toronto.

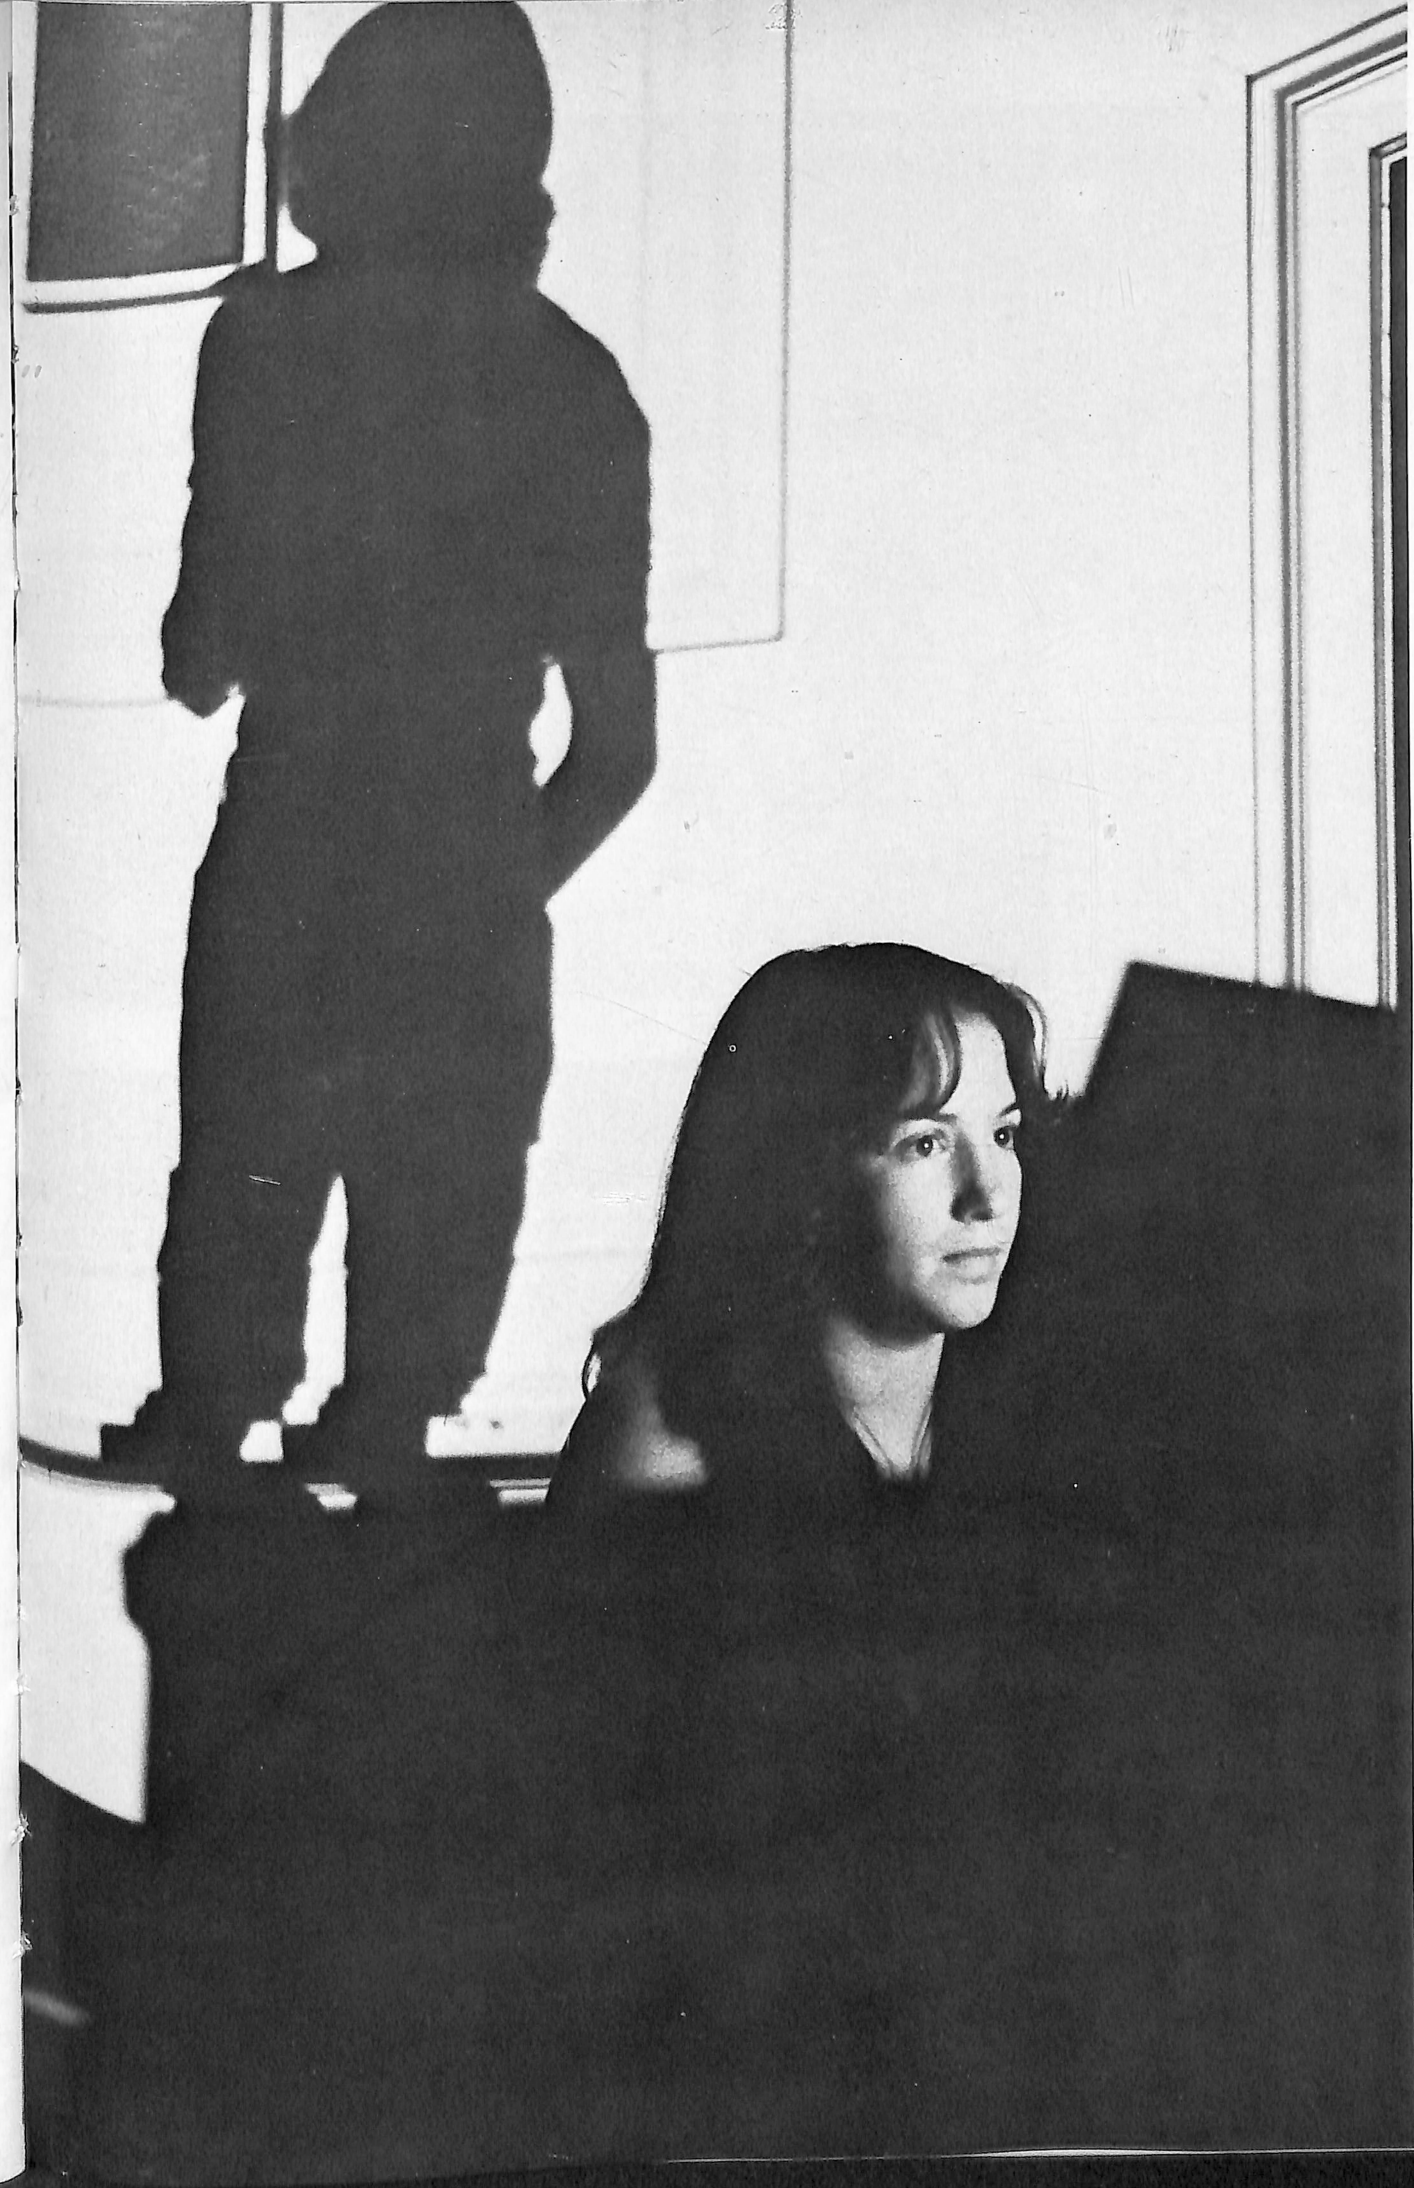

Mr. Scott and his student-assistant, Kelly Clarke, have put a great deal of their spare time into this new program and we all hope that there is a great deal of success in the coming school year.

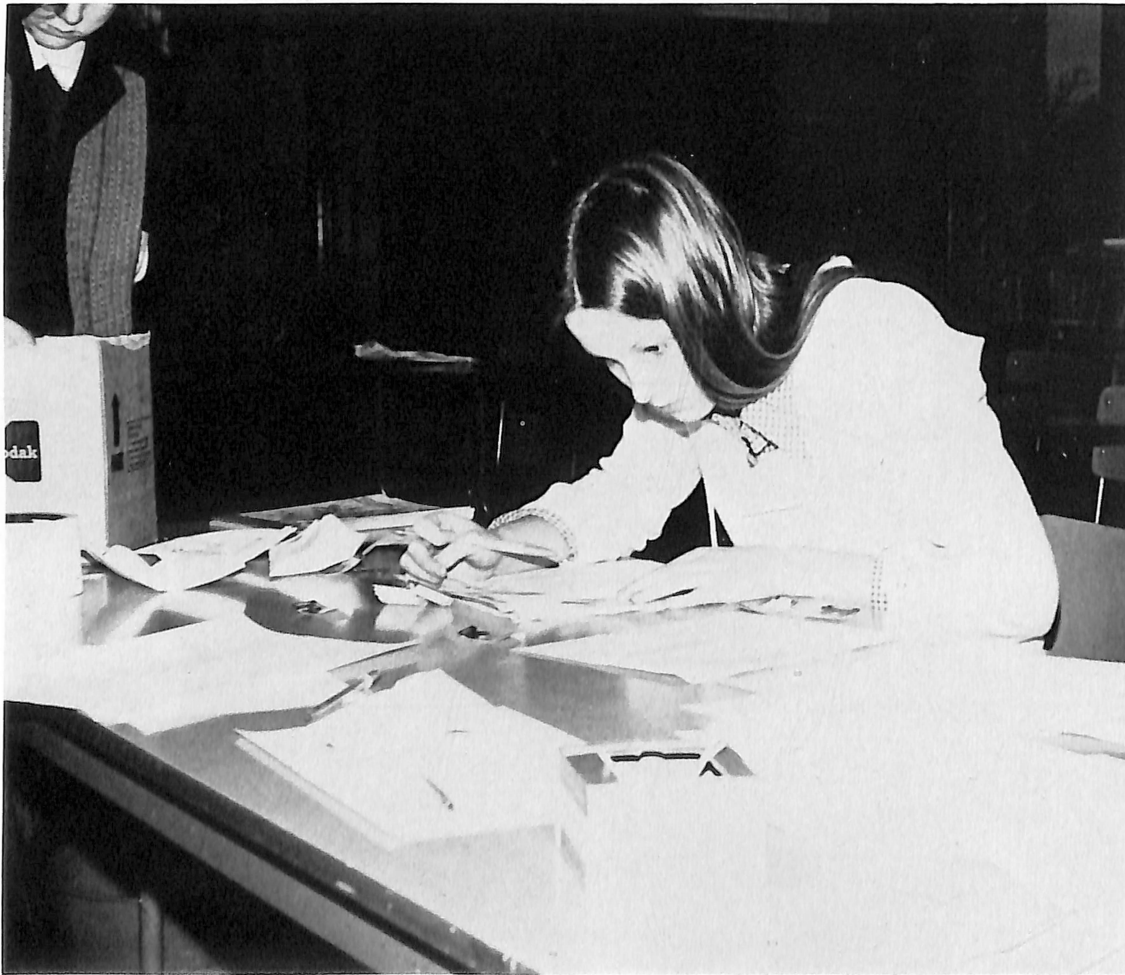

Over-all, I feel that SCI&TS teams did very well in sports this year and we were a definite threat to anyone playing against us. We also hope to do as well or better during the coming school year.

STUDENTS' COUNCIL

We had many activities, unfortunately most of them took place during the first half of the year. We had a HAT DAY which turned out very successfully with many participants. We organized our annual FROSH QUEEN and SWEETHEART assemblies. The judges were Mr. Saunders, Mrs. Brandt, and our own Mrs. Kennedy. To get us into the school spirit, we had BLUE-and-WHITE FRIDAYS throughout the football season. We also had a PIZZA CONTEST, involving all homerooms. This contest was to involve and encourage students to come out and support our Blue Bombers. I think we had a fifty per cent success rate; it could be better next year with the new House System. To end the football season, we had a FOOTBALL PARADE. The Council also organized a SMOKER'S CLINIC; unfortunately, it only lasted for a short period of time. We had a group and a tape dance. Both were successful, thanks to everybody's participation. In March, we rented SKATE COUNTRY where everyone could 'boogie down' on skates, as Mr. J. Scott and Mrs. Levesque demonstrated. It was real fun.

The BILLY AWARDS ASSEMBLY closed the year for the Council's activities. Most of these activities were possible thanks to many students who came and helped out, especially the junior members. The active members included: Jim Clark, Mana Arruda, Lori McKee, Brian Dutsch, and Osvaldo Paredes.

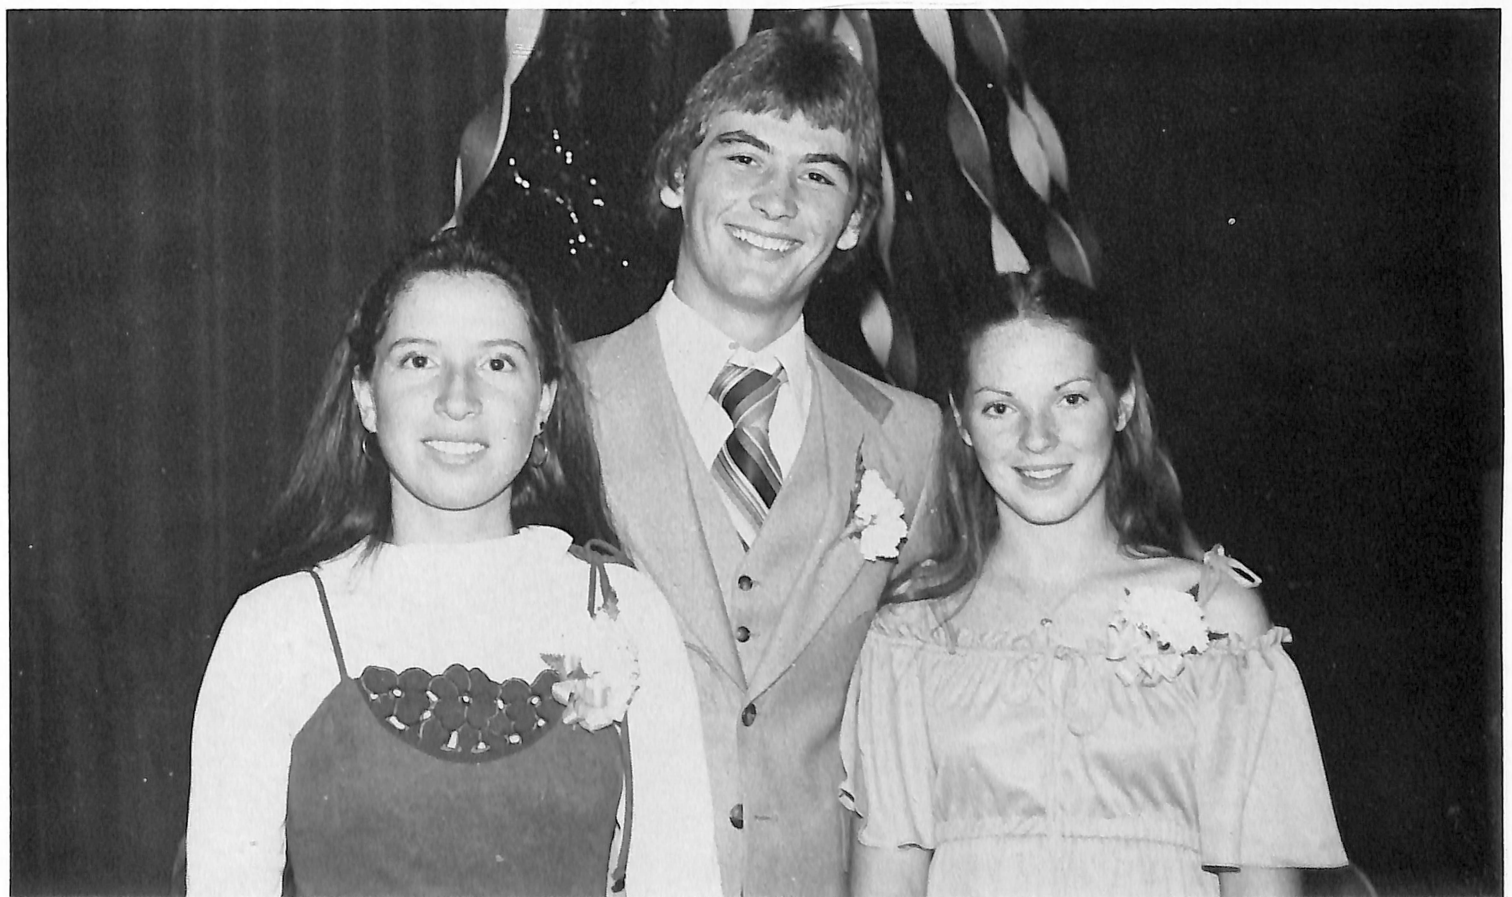

I would like to mention that this was Mr. Little's last year as Student Council Advisor. I am sure that the Council will miss him in the future. We are all sorry to see him go into retirement after 34 years at S.I.T.S. He came to this school in 1940 after serving in the Air Force and stayed until he went to Central for one

year in 1955. In 1958 he became head of the Moderns Department. In 1962 he became staff advisor to the Students' Council.

REACH FOR THE TOP

This year our REACH for the TOP team had the pleasure of being taped in our own auditorium. On the set in the TOP PHOTO are Cindy McLaughlin, Lana Marjama, Mrs. G. Boardman (Advisor), Doreen Marjama, and Peter Campbell. BELOW: Drama students Paul Donald and Ann VanDam try out CBET equipment.

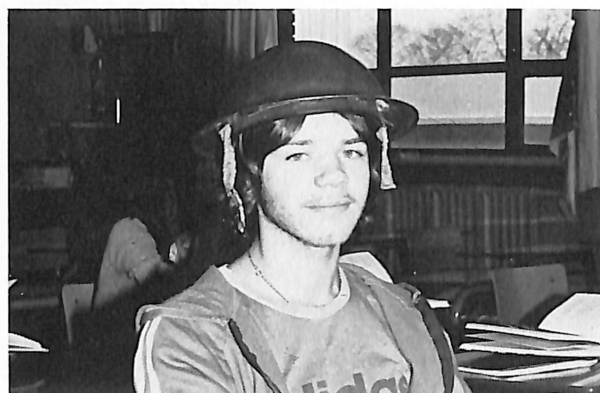

SURPRISES AND THRILLS

A Pink Panther caper was discovered early one morning in the lower hall. Above, Mrs. Murray admires the bug and the ingenuity of the Panther who must have brought the car into the school piece by piece. The G.A.A. brought a thrilling group into the school in the form of the TRAMP CHAMPS early in the year. (See photo left) Durango Coy, founder of the Tramp Champs, tours all over the country with the National Trampoline Champions. Their annual visit to SCI&TS was just as exciting as ever. They provided a solid hour of super entertainment and their hilarious antics and skill kept the full house in stitches.

HAT DAY

FILM CLUB MEMBERS (from the left): Kevin Vandever, Monty Dent, Wilson Plain, Dennis Amirault, Matt Andrew, Mr. Sprenger (Advisor), Al Savoy, Jim Shanks, Albert Estensen, Kathy Cormie, Kelvin Jones, Tim Shanks, Mike Charbonneau, Dave Crow, Dean Crawford, Howie Lankin, Ron LaPier, and Janet White.

FILM CLUB

The Film Club has been doing a great job this year with student involvement. Each Wednesday during the three lunch periods, Mr. Sprenger shows his 'academy-award-winning films' for any interested students. About twenty per period show up with their bagged lunches to view these films. Mr. Sprenger has shown many good films including many comedies and some dramatic shows. The film club is a great chance to catch some laughs or maybe even some culture (!) on your lunch period.

UA DANCE MARATHON

A large number of SCI&TS students turned out for the United Appeal Dance Marathon which was held last fall at Lambton Mall. Pictured at the left is Wendy Judge of SCI&TS who won an award for obtaining the greatest number of pledges.

DRAMA CLUB

The Drama Club has done a fine job representing SCI&TS throughout this year. About 500 students get involved at some time or other during the year and the various productions are proof that everyone works hard.

The first production that Miss Gibb produced was SNOW WHITE and the SEVEN DWARFS. (See photos at right.) About 2500 Elementary School students and general public came to see this production.

Soon after the first set of exams were over, the Drama Club was in full swing again, this time, working on the Simpsons-Sears Drama Festival entry. The local finals were held here at SCI&TS early in April. Miss Gibb and her cast did a fantastic job of presenting George Bernard Shaw's PYGMALION. This play won many awards in the Festival including Best Play. In late April, PYGMALION appeared in Guelph for the Regional Finals where they put on a good show but failed to win the recognition they deserved.

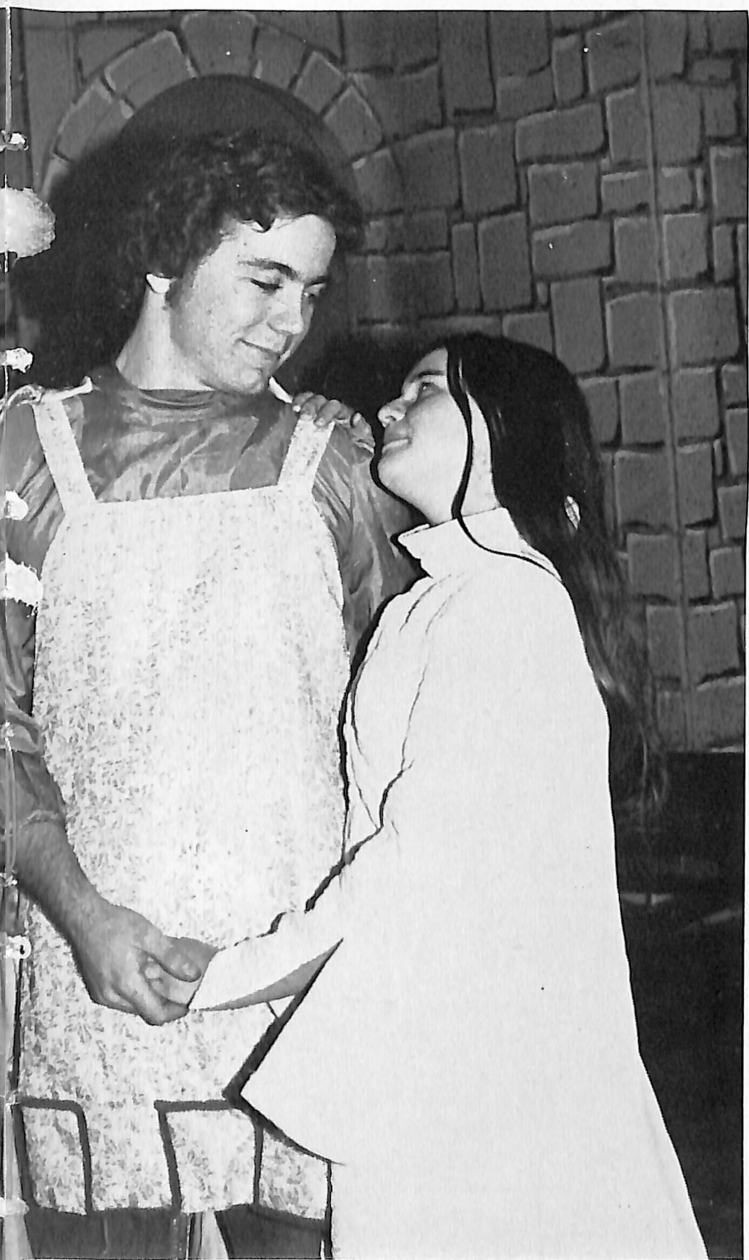

Miss Gibb, along with a number of other teachers and students did another fine job of the SCI&TS REVUE. This year's theme was SUPERMANIA.

The Drama Club even organized their own PUPPET COMPANY which went to other schools and hospitals. They also did some theatre workshops with students at Lochiel Street School on Wednesday afternoons. All in all, it was another extremely successful year for the Drama Club.

PHOTOS (clockwise from top left): The Wicked Queen, Ann Van Dam, is surrounded by Pat Leaver, Joan Muscat, April Archer, and the Royal Jailer, Gerry Tracey. Centre photo: Snow White (Megan Hadley) and the Seven Dwarfs: Judy Luckham, Robin Farrar, Michele Ste. Croix, Julie Dunbar, Denise Houle, Bart Collins, and Larry Roberts. Prince Charming (Scott Murray) and Snow White (Megan Hadley) dance. Drama Club elves pass out Christmas canes to Elementary School children as they leave a performance. Scott Murray and Megan Hadley. Gerry Tracey receives boos and jeers from the audience. The entire production involved some eighty SCI&TS students.

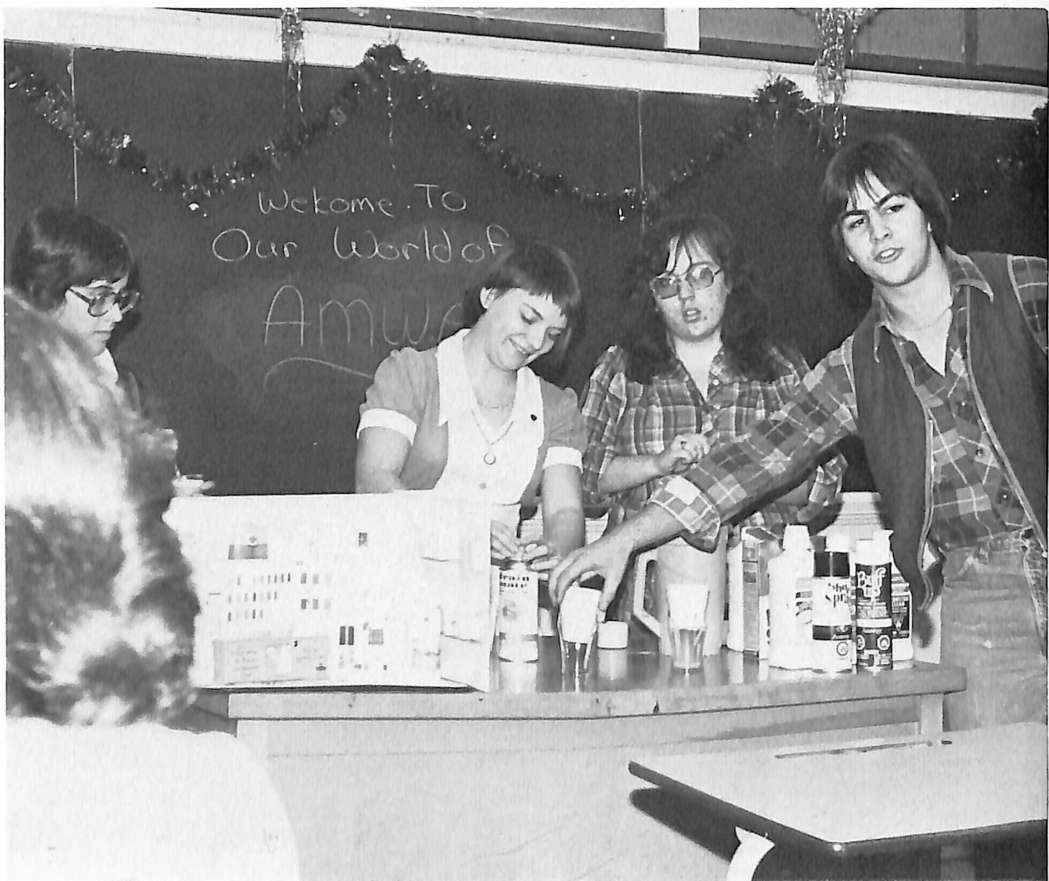

COMMENCEMENT '78

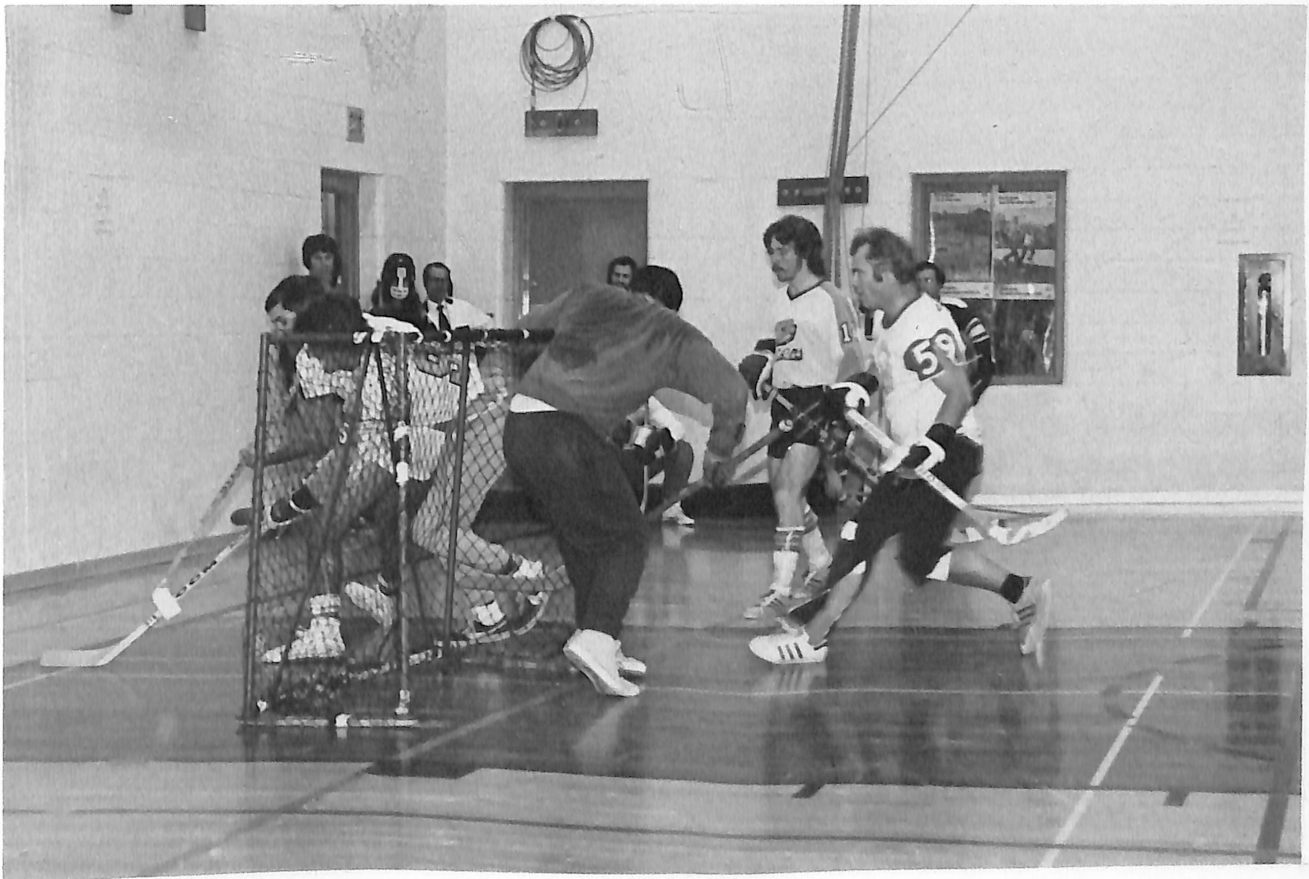

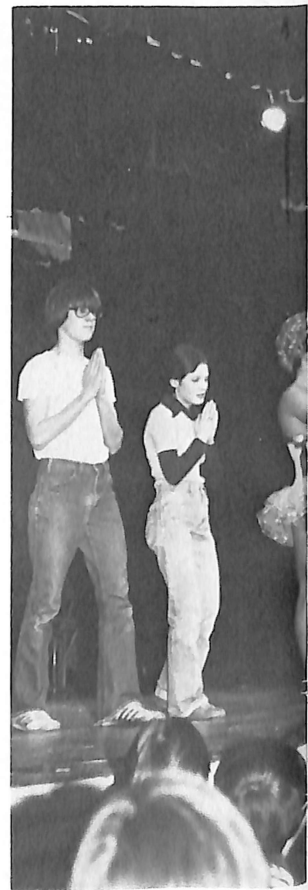

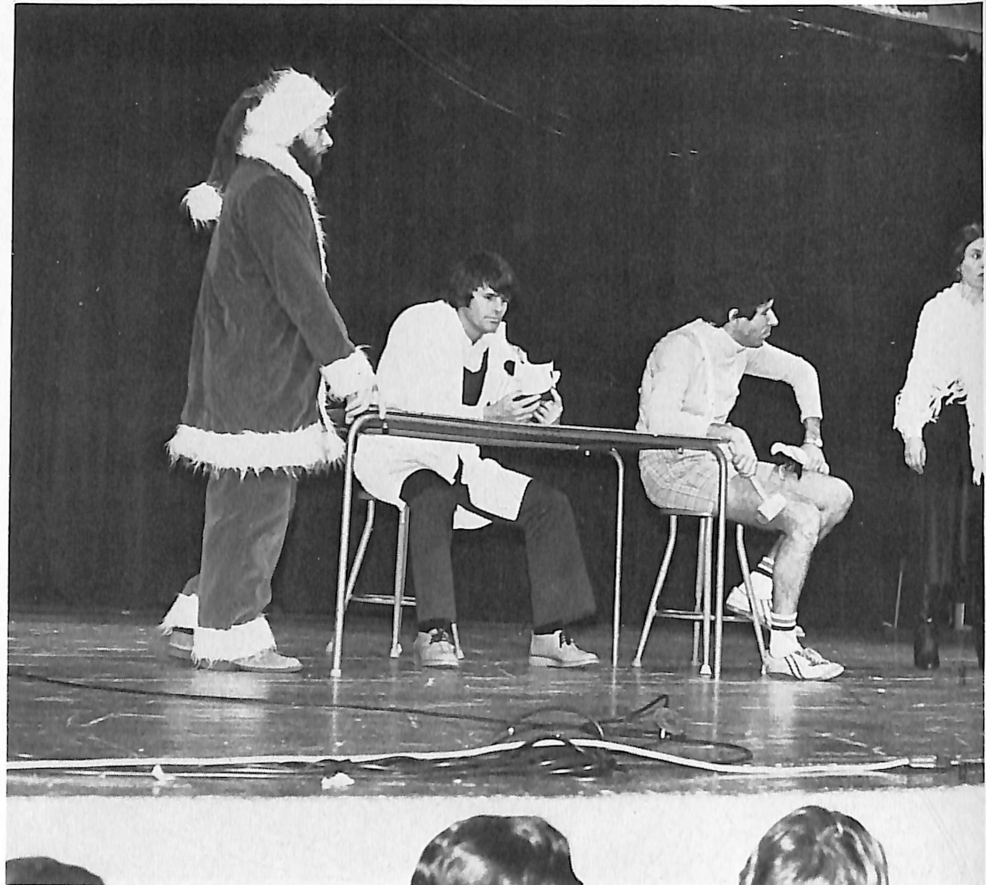

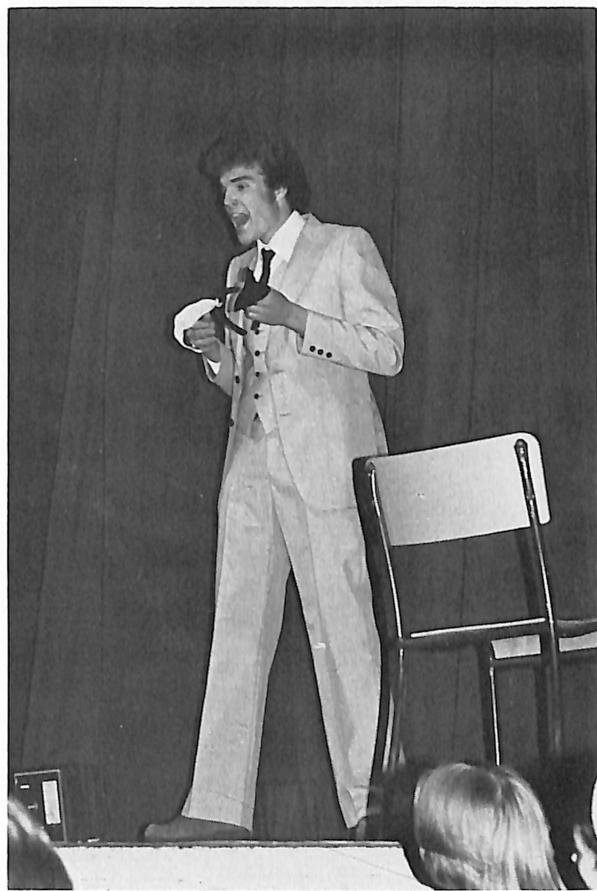

CHRISTMAS

Christmas time is always filled with decorating, varied teaching programs, and just plain fun. PHOTOS: (clockwise) Art students decorate the main entrance to the school; the teacher floor hockey team (second string?) rests; action during the student-teacher annual bashing of shins in floor hockey; Mr. Choptovy's Marketing class doing a demonstration; classroom decorating; Mr. Kinchular and friend in the Christmas spirit.

OPEN HOUSE

This year's Open House was another smashing success and staff and students did a fine job in showing off the school and its interesting facets. In the photos (clockwise) we see the Theatre Arts people doing a makeup demonstration; Mr. McCahill doing a grammar test in the English room under the watchful eye of Carol Hunt; Mr. Irvine, Mrs. Kennedy and Mrs. Slipacoff in a Business Education demonstration; a happy group in the cafeteria; Paul Donald and Stuart Brandon ready to go on stage for a 'remember-when? skit'; and an art student demonstrating his skills at pottery making.

POSTURE QUEEN '79

PHOTOS: TOP (from the left): April Kolisnek (second runner-up), Terri Robson (Queen), Sue Schiwy (first runner-up). BOTTOM: Joan Walker, escorted by Kevin Nathan; Leah Hall, escorted by Steve Harper; Terri Robson, escorted by Jay Armstrong; Sue Schiwy, escorted by Scott MacLean; and April Kolisnek, escorted by Steve Lester.

LIBRARY CLUB

The year's Library Club, under the direction of Mrs. Barkwell, included students from grades nine through thirteen. Working before, during, and after school, club members performed a variety of useful and necessary jobs: processing books, running the circulation desk, indexing magazines, filing, and designing and creating special displays. The reward for these efforts came in May, when members with at least twenty-five hours of service took a trip to the Detroit Zoo and the Hillberry Theatre. This trip was partially financed by a very successful bake sale held prior to the trip.

PHOTO LEFT (from top to bottom, left to right): ROW 1: Robert Heath, Maria Arruda, Harvey Gingras, Dennis Amirault, Kim Cutbush, Angela Jenkins, Nancy Warby. ROW 2: Eleshia Fraser, Wendy Dilling, Linda Bartley, Lana Marjama, Karen Riley, Lynn McRae, and Darlene Dunk. ROW 3: Monty Dent, Chris Ball, Paul Beaudin, Debbie Kidd, Sheila MacDonald, Melody Baxter, Paul Sowerbutts, and Megan Hadley. Mrs. Barkwell is at the left of the group. MISSING: Tracey Churchill, Jim Clarke, Chris Duncan, Mike Hallowell, Phil Lavoie, Marie Maw, Nancy Popen, and Gayle Timmington.

SUPERMANIA

REVUE '79 REVIEW

Mike Beni emceed a show which may never be repeated. Of the many students involved some were: Karen Williams, Deana Duncan, Tim (Macho) McKelvie, Jeff Cain, Mike Leystra, and Paul Vail. This list could go on forever, the whole show was exceptional. Before we go on about the singers and dancers, we must point out that the backstage crew made the show go on. They even got into the act with Brian Tithecott's cameo performance as a K-Mart announcer.

Musically, you can't cut anyone down; it takes a lot of courage to get up there and sing and/or play an instrument. Dan Corrigan, for instance, sang for the first time. Singers were numerous; Paul Donald was the main star but by no means the only one. Ken McLachlen, Nicky Collins, and Patty Pretty on the piano, were a few of the musicians.

Gerry Tracey's "Mork" had the audience rolling with laughter, but the 'killer' was the mime of the "Boogie-Woogie Buggle Boy" with Mike Beni and Jay Armstrong.

The audience was very spirited and enjoyed themselves from kickline to grand finale and everything in between. The '79 Revue was a success and more than worth the price of admission.

Craig Stuart

PHOTOS: (Clockwise from the top) the finale; Robin Hood skit members Rick Brayton, Dennis Heath, Mike Piliarik, and Doug Ferguson; Robin (Chris Stewart) and Batman (Doug Ferguson) in the "Superman Roast" skit; Paul Donald, Nicole Collins, and Deb Anderson; "Guess Who's Coming to Dinner?" (with Gerry Tracy as Mork).

S.P.A.D.E.S. CLUB

Service with a purpose and determination at SCI&TS, that's what the Spades Club is all about. Led by Miss Coffey, these girls make favours for the Geriatric Ward at the Sarnia General Hospital and raise money to make these by selling soft drinks during the intermissions of the various shows that take place in the school auditorium. The favours include decorated notepads, pencil holders and little pins at Christmas, all of which are handmade. This club is a great addition to the school and should be around for a long time.
